

Lincroft School's LEGO BrickFest

The 8th Annual LEGO BrickFest will take place on Friday, March 16, 2018 in the Leopard's Den.

Rules and Deadlines:

1. Register your creation by March 7, 2018 by completing the form on the PTA website.
2. Bring your creation to school on March 16th. Creations will be displayed in the Leopards Den for all students to view at designated times throughout the day. Students will vote for their favorite creation in their own grade and best overall creation. Additional winners will be chosen by the LEGO BrickFest Committee in the following categories: Go for The Gold, Spring has Sprung, Read Across Lincroft, Choose Kind and Welcome, Mr. Imbimbo. Prizes will be awarded.
3. Size Limits: The creation **ABSOLUTELY MUST** be no larger than 15"x15" (i.e. the size of the largest base plate). **NO EXCEPTIONS** will be made due to space constraints.
4. Creations must be **ORIGINAL** and not "out of the box." However, creations designed by LEGO can be adapted to become your own unique creation if your creation is substantially different from the original. All creations must contain a minimum of 100 bricks.
5. Not permitted: depictions of gore or violence, no weapons or other offensive imagery. No food or live animals may be part of the creation.
6. You may register as an individual or as a pair, and you need not be in the same grade as your partner (as in the case of many siblings, for example). Creations will be voted on in the higher grade. No more than two children per group.

This free event is organized by the PTA's Educational Enrichment Committee.
