Be a part of this dynamic movement -- become a Hands & Voices member today!

Our philosophy of unbiased support makes Hands & Voices unique among deaf and hard of hearing organizations.

Our organization is parent-driven, but highly collaborative with professionals who are on our Board and in our membership. Hands & Voices New Mexico Chapter (HVNM) is driven by the need to support families, improve the educational outcomes and quality of life for children who are deaf or hard of hearing, and be involved with systems development.

Our history, HVNM began in 2004. Since our inception, we have been supporting families without bias by providing resources, networks, and information needed to improve communication access and education through workshops and family events held at venues such as Isotopes Games and the New Mexico Museum of Natural History and Science.
