Challenge: How would you build a **Leprechaun Trap?**

March 1 – April 6

How to participate:

What do you think it takes to catch a leprechaun? Use any supplies you can find around the house to create your trap. Make sure you think about how to lure the leprechaun and provide a way for him to get in. You can look online for inspiration, but let your imagination be your guide!

This is a STEAM activity for you to do at home as a family. Be creative and have fun! When you've finished the challenge, please email a photo of your project to: Ms. Cannon: TLcannon@fcps.edu.

All projects are due after Spring Break.

A few lucky STEAM Challenge submissions will be displayed at the STEAM Fair for everyone to see!
