Sunshine Committee

I hope this message brings a little sunshine into your lives. How is everyone? I sincerely hope you are doing well. I ask that you continue your good thoughts and prayers for Juanita, KC6KAR, while she has not been feeling as well as she has in the past.

I ask that you join me and send good thoughts and prayers to Victoria Thompson, KE6FSU. She had surgery recently. She is progressing very well, however.

Our good thoughts and prayers are with you ladies. We hope for a speedy recovery for you.

If you know of anyone who may be a bit under the weather, please let me know. And I would like to thank you all for letting me know when someone is ill. The good thing about that recently is when it's time for print, they are feeling well again.

Good health to you all.

ARRL BOUNTY

Thank You to several members that have remembered to process their ARRL membership renewal through the club.

You can do this each time you renew with ARRL. The club gets \$2 for every renewal. If you are joining as new membership the club gets \$15.

When you get your renewal notice from ARRL, use the **SPECIAL** affiliated renewal form instead. You can get the form from Victoria, KE6FSU, Barbara, KD6OKJ, or Burgie, KE6MSF. Soon you will be able to download it from the club web site.

These are the steps to take:

1. Get the special affiliated club ARRL renewal form
2. Fill out only the special form,
3. Add your ARRL membership number if you have one
4. Make your check for your full amount out to **Contra Costa Communications Club, Inc**
5. Mail the check and form to the club mail box.

I fill out the club portion of the paperwork and send it in with a check from the club for the balance due the ARRL.

ARRL RE: PAVE PAWS in California. (Via NARCC)

The 85th is the Air Force Engineering unit out of Keesler AFB that is responsible for all of the interference testing. They have recently finished some testing and it usually takes 4-6 weeks for them to share the results with ARRL and the FCC. It takes some time for the ARRL and FCC to work with the report once received.

Anyone who unilaterally decides they are going to just go back on line is making a potential major mistake. This is not a temporary interference problem. Anyone who goes back on line without mitigation risks a permanent shut down order from the FCC as well as potentially forcing the Air Force to request a mandatory quiet zone within 150-miles or so of the radar site of **ALL** amateur 70-cm activity. This is not a "passing problem". Amateur interference mitigation around the PPR sites is permanent.

This a small part of long response to NARCC by Dan Henderson, N1ND, ARRL Regulatory Information Manager. His e-mail contains a lot of information on why the problem has happened and what the Air Force does that they need Amateur Radio Operators to cooperate with repeater restrictions.

The Full article will appear in the August Newsletter.

LARGE THANK YOU TO A VERY HARD

WORKING PERSON: I want to thank a member of the 4C's family for his years of holding the position of Emergency Coordinator ARES/RACES for West Contra Costa County. Stephen Adams KF6WNH has worked very long hours and attended meetings, ran weekly nets, handled concerns of members, performed the secretary duties for the county wide ARES/RACES meeting held monthly. I know there are things I might have left out but I and Rob know how hard he worked and how much he personally cared for this group. Thanks Stephen we are going to miss your great leadership. Let us not forget two other hard working persons/members who also served as our ARES/RACES coordinators - Rich Parker KD6JCT and Rachel Lewellen KB6LHR.

SILENT KEY: Burnus Bacom WB6UYJ became a silent key in June. Burnus was 83 and a member of our family since April 1987. He held a General Class License and was a member of ARRL. To his family from all of our members it was a honor to know him and be able to call him a friend. There is a visitation, Friday, June 27th between 1-8pm at Chapel of the Mission Bells, San Pablo 510-232-6552. There will be a service July 19 th at 11 am at the Masonic Lodge in San Pablo.
