## **1. PURPOSE**

1.1 The purpose of Crazee Kidz Club's safeguarding policy is to ensure every child at our organisation is safe and protected from harm. This means we will always work to:

- Protect our children and young people from maltreatment
- Prevent impairment of our children's and young people's health or development
- Ensure that our children and young people grow up in circumstances consistent with the provision of safe and effective care
- Undertake that role so as to enable our children/young people to have optimum life chances and enter adulthood successfully.

1.2 This policy will give clear direction to leaders, visitors and parents about the expected behaviour and our legal responsibility to safeguard and promote the welfare of all children at our organisation.

## **2. INTRODUCTION**

2.1 Our organisation fully recognises the contribution it can make to protect children from harm and supporting and promoting the welfare of all children. The elements of our policy are prevention, protection and support.

2.2 Our policy applies to all children, leaders, parents and visitors.

## **3. OUR ETHOS**

3.1 Our organisation will establish and maintain an ethos where our children feel secure, are encouraged to talk, are listened to and are safe. Children will be able to talk freely to any member of staff or regular visitor to our organisation if they are worried or concerned about something.

3.2 All leaders and regular visitors will, either through training or induction, know how to recognise a disclosure from a child and will know how to manage this. We will not make promises to any child and we will not keep secrets. Every child will know what their chosen adult will have to do with whatever they have been told.

3.3 We will provide activities and opportunities that will equip our children with the skills they need to stay safe.

3.4 At all times we will work in partnership and endeavour to establish effective working relationships with parents, carers and colleagues from other agencies

## **4. PROCEDURES**

4.1 When new leaders or regular visitors join our organisation they will be informed of the safeguarding arrangements in place. They will be given a copy of our organisation's safeguarding policy and told who our Designated Child Protection Officer for Safeguarding is. They will also be shown the recording format, given information on how to complete it and who to pass it to.

4.2 Every new leader will have an induction period that will include essential safeguarding information. This programme will include basic safeguarding training through the Safer Programme relating to signs and symptoms of abuse, how to manage a disclosure from a child, how to record and issues of confidentiality. The induction will also remind staff and volunteers of their responsibility to safeguard all children and the remit of the role of the Designated Child Protection Officer.

4.3. All regular visitors to our organisation will be told where our policy is kept, they will be given a set of safeguarding procedures, they will be told who our Designated Child Protection Officer and alternate staff members are and what the recording and reporting system is.

4.4 All parents and carers will be asked to sign a distribution list confirming they have seen and read our safeguarding policy. Parents and carers will be informed of our legal duty to assist our colleagues in other agencies with child protection enquiries and what happens should we have cause to make a referral to Children's Services.

4.5 Parents will sign a consent form at the start of their child's involvement with the organisation, which includes any vital health or otherwise notable information. It also requests permission for photographs to be taken for promotional purposes only.

## **5. TRAINING**

5.1 Every leader will undertake appropriate safeguarding training through the Safer Programme every three years.

5.2 We actively encourage all of our leaders to keep up to date with the most recent local and national safeguarding advice and guidance. This can be accessed on [www.lscb.norfolk.gov.uk](http://www.lscb.norfolk.gov.uk).

5.3 The Designated Officer should be used as a first point of contact for concerns and queries regarding any safeguarding concern in our organisation.

## **6. SAFE STAFF**

6.1 All adults who come into contact with our children have a duty of care to safeguard and promote their welfare. There is a legal duty placed upon us to ensure that all adults who work with or on behalf of our children are competent, confident and safe to do so.

6.2 Our aim is to provide a safe and supportive environment which secures the wellbeing and very best outcomes for our children. We do recognise that sometimes the behaviour of adults may lead to an allegation of abuse being made.

6.3 Allegations sometimes arise from a differing understanding of the same event, but when they occur they are distressing and difficult for all concerned. We also recognise that many allegations are genuine and there are some adults who deliberately seek to harm or abuse children.

6.4 We will take all possible steps to safeguard our children and to ensure that the adults in our organisation are safe to work with our children. We will always ensure that the Norfolk Safeguarding Children's Board Protocol *Allegations Against Staff, Carers and Volunteers* is adhered to.

6.5 All adults who come into contact with children will be made aware of the steps that will be taken if an allegation is made. We will seek appropriate advice from the Local Authority Designated Officer (LADO). The LADO can be contacted on 01603 223473.

6.6 leaders will not investigate these matters. We will seek and work with the advice that is provided. Should an allegation be made against the Designated Child Protection Officer or Deputy, this will be reported by the staff member or volunteer raising the concern who will liaise with the LADO.

6.7 There are sensible steps that every adult should take in their daily professional conduct with children. This can be found in the *Safer Programme Safer Working Practice* – this guidance is on the NSCB website and also in this pack.

## **7. RECORDS AND MONITORING**

7.1 If we are concerned about the welfare or safety of any child all adults in our organisation we will record their concern on the agreed report form and give this to the Designated Child Protection Officer.

7.2 Any information recorded will be kept in a separate named file, in a secure cabinet and not with the child's file. These files will be the responsibility of the Designated Child Protection Officer and information will only be shared within the organisation on a need to know basis for the protection of the child.

7.3 Any safeguarding information will be kept in the file and will be added to. Copies of referrals will be stored in the file.

7.4 Reports of a concern to the Designated Child Protection Officer must be made in writing and signed and dated by the person with the concern.

## **8. ROLES AND RESPONSIBILITIES**

8.1 Our Designated Child Protection Officer will liaise with Children's Services and other agencies where necessary, and make referrals to Children's Services.

8.2 Any concern for a child's safety or welfare will be recorded in writing and given to the Designated Child Protection Officer who will be responsible for ensuring that all leaders are aware of our policy and the procedure they need to follow.

8.3 The Designated Child Protection Officer will ensure that all leaders and regular visitors have received appropriate child protection information during induction and if necessary have been trained by the Safer Programme.

8.4 The Designated Child Protection Officer will ensure that our safeguarding policy is in place and is reviewed annually. The content of our policy has been written following consultation with the Safer Programme.

8.5 At all times the Designated Child Protection Officer will ensure that safer recruitment practices are followed.

8.6 Safer procedures ensure our recruitment practices are safe and compliant with statutory requirements.

8.7 We require evidence of any qualifications leaders hold. We do not accept testimonials and insist on taking up references prior to interview. We will question the contents of application forms if we are unclear about them, we will undertake enhanced Criminal Records Bureau checks and use any other means of ensuring we are recruiting and selecting the most suitable people to work with our children. We will use the recruitment and selection process to deter and reject unsuitable candidates.

8.8 Our organisation undertakes to remedy without delay any weakness in regard to our safeguarding arrangements that are brought to their attention.

## **9. WHAT IS ABUSE AND NEGLECT?**

9.1 Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting, by those known to them or, more rarely, by a stranger for example, via the internet. They may be abused by an adult or adults, or another child or children.

### Physical abuse

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

### Emotional abuse

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as over protection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber-bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

### Sexual abuse

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet).

Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

### Neglect

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development.

Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food, clothing and shelter (including exclusion from home or abandonment);
- protect a child from physical and emotional harm or danger;
- ensure adequate supervision (including the use of inadequate care-givers); or
- ensure access to appropriate medical care or treatment.

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.
