

2ND ANNUAL CLOVERLEAF FUTURITY

Round Up Grounds – August 26-28, 2016 – Belle Fourche, SD

Futurity Champion

JESSICA ROUTIER & FIERY MISS WEST

Fiery Miss West ("Missy") is a 5-year-old palomino mare owned by Gary Westergren out of Lincoln, NE. She is by his own stallion, Firewater Frenchman, and out of his mare Frenchmans Bodashus, who is by Royal Quick Dash. I have trained and jockeyed many nice horses for Gary over the past 5 years, but Missy is definitely one of my favorites. She has been with me since she was 2, so she has put in a lot of miles on our ranch. We also breakaway rope and run poles on her, and she is started in the heading.

We have five children, three of them under 16 months old, and Missy absolutely loves them. She packs the little ones around, and one of them even rode her (with me) in a parade a couple weekends ago.

At the Cloverleaf Futurity, Missy was very consistent. I ran her in the Open Slot Race the night before and placed 4th with a 17.3 (this was a standard pattern). The next morning, in the first round of the futurity, she ran another 17.3 and then came back and ran a 17.5 in the second round, to win both rounds of the futurity and the average.

Missy has only run in a few futurities so far, due to me having a baby the end of June. However, she has placed in every one we have entered her in (including one in May, which my good friend Ashley Day ran her at). She is very consistent and has a huge heart. I think one of the reasons she and I have clicked so well is that she reminds me a lot of Smoothie, the mare I rodeo'd on for 17 years. I can ride Missy just like I rode Smoothie so there isn't much to think about. She also gives 110% every time, and is as tough as nails like Smoothie and I really appreciate a horse like that.

There are many people to thank for Missy's success so far: of course Gary Westergren for giving me the opportunity to ride her; Kevin Rahn for breaking her and keeping her massaged & chiropracted; Kevin Jaeger for keeping her shod and sound; my husband Riley for putting lots of ranch miles on her, or watching kids so I could keep her going; Ashley Day for running her while I was on maternity leave; my parents, in-laws, and two older kids, Braden and Payton, for putting in countless hours of babysitting so Missy and I can go run! It takes a herd of people to keep us going!
