**Topeka Auction Restaurant is
closed until further notice.**

A Note from Rick: Markets at TLA were all steady in comparison to 2 weeks ago. I wasn't sure what to expect, but prices on Tuesday were good. We had to do some things differently to follow the guidance that we are currently under from the Governor and the CDC regarding the widespread outbreak of the Coronavirus. We are strictly adhering to these guidelines so that we will be able to continue having our hay and livestock auctions, which are classified as essential services under the Governor's ban. We appreciate your help with this. We will limit the number of people allowed in the auction arena. To do this, we ask that only buyers attend and only stay for what they are actively looking to purchase. No spectators or children will be allowed at this time. Despite the changes that have to be made, Topeka Livestock will continue to provide a fair and strong market for livestock and hay. We would appreciate your continued business during this difficult time and look forward to the day that we can fill the arena again! We have had to reschedule several other large events, including our Spring Draft Horse Auction. To our consignors, thank you for hanging in there with us. We know that keeping your horses beyond March was not in the plan and there is certain to be many obstacles. But we want to assure you that we will do everything possible and within our control to get those horses sold as soon as possible. We are monitoring the situation closely and are working daily on plans for the upcoming months. We are in unprecedented times and are simply waiting this out like the rest of the country. We are putting our faith and trust in the Lord and know that all of this will happen in his time. Looking forward to when we can see you at TLA!
