

A Message from Bonnie Niebruegge, Missouri AGMA State Coordinator

Hello. We were very pleased with our first AGMA gaited mule show in Missouri at the State Fair on August 16. The licensed SHOW judge commented on the sportsmanship of the riders and the quality of the gaited mules. The participants were so enthusiastic that I agreed to develop a website promoting Missouri gaited mule farms, which I am doing at <http://www.missourigaitedmules.com>. I have uploaded the home page and will be adding farm links as they submit their information. I have included a description of the show and show results in .pdf form and several video clips from the show on the home page.

Brad Crismon's 2-year old molly Gold Coin's Millie was really impressive, winning all five classes in which she was entered. She had also won five blue ribbons and two red ribbons and was reserve champion at the Shelbyville show. Her sire, gaited jack Ragan's Gentle Ben, also sired the second place winner at our show. He impressed the crowd with his strong, regular gait.

Thanks. Bonnie Niebruegge
