## Georgia Mountain Home Builders Association

### Our Mission:

The Georgia Mountain Home Builders Association is a nonprofit trade association representing and uniting the building industry in the Georgia counties of Rabun, Towns and Union. To serve its members, the association provides educational programs, informs its members of technological improvements and building code changes, and provides a forum for social interaction and involvement. As the voice of the housing industry, the association strives to create and promote a favorable climate for quality construction.

The Georgia Mountain HBA is a nonprofit 501C(6) organization. We work very closely with the state and local lawmakers in an effort to bring legislation that will support our local economy and not harm it.

If you would like to join GMHBA fill out the application in this brochure and return it with dues payment.
