

## Pinwheels Block

Cut 4 squares of background fabric 4 by 4 inch squares – Fabric 1

Cut 4 squares of different fabric (can be scrappy or the same) 4 by 4 inch squares- Fabric 2

Piecing Directions:

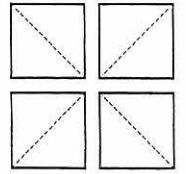

Draw two diagonal lines making an X on wrong side of Fabric 1 squares. (4 squares)

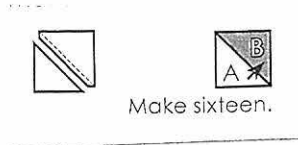

Make four.

Put right sides of Fabric 1 and Fabric 2 squares together. Stitch on the drawn lines.

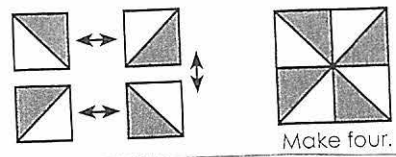

Cut the units into quarters. Meaning cut in half both horizontal and vertical. See diagram. DO NOT CUT the sewing line. Fabric 1 and 2 units should measure 2" by 2". Check size and make sixteen.

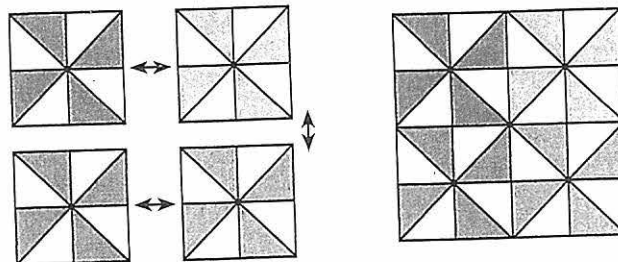

Trim ¼" away from seam on one side and discard . Remaining unit should measure 2" by 2". You should make 16 units.

Assemble four matching triangle units to make the pinwheel. Pinwheel units should measure 3 ½" by 3 ½". Make four of them.

Now you are ready to assemble the Pinwheels block which should measure 6 ½ by 6 ½.

Continue with the 12" Sawtooth Star pattern from October and use this Pinwheels Block for the 6 ½" center of the star block
