COVID / Visitation Update

Greetings from Midway Nursing Home!

There are no new positive COVID cases for residents or staff and visitation is in full swing with reservations being booked quickly.

For the protection of our residents, visitation is scheduled according to the floor where they reside. Weather permitting, visitation is outdoors, and sessions are scheduled for 1 hour each visit beginning at 10:30 AM & 1:30 PM on the designated visitation day for each floor.

Visit reservations are on a first come first serve basis as space is limited to allow for privacy, social distancing and maintaining appropriate infection control measures during and between visit sessions. If for some reason, you will not be able to keep your scheduled visitation time, please let us know immediately as there may be others on our visitor waiting list. To schedule your visit, please call Connie Leone on x307.

All visitors will be screened and offered a rapid COVID test which is highly recommended by the DOH & CDC. Please be sure to arrive 20 minutes prior to your scheduled visit to allow enough time for screening and testing so that you can enjoy the full visit time with your loved one. Masks must always be worn while on Midway's premises regardless of vaccination status.

All visitors are asked to present a photo ID and proof of COVID Vaccination, if fully vaccinated. A copy of both will be taken and securely filed for contact tracing if needed and our reporting requirements to NYSDOH.

We are currently securing COVID vaccination proof from visitors so that we can soon coordinate fully vaccinated visitors and residents in a designated area where barriers will be removed, and visits can be more intimate. For visits where any visitor or resident are not fully vaccinated, barriers and social distancing will remain in place. Proof of full vaccination can be faxed to a confidential fax # or can be emailed. Please call the facility and ask for the confidential fax number or email address, whichever is your preference.

Virtual/Facetime visits are still available daily – to schedule one, please speak with any staff member in Social Services or Recreation.

We look forward to seeing you soon!
