

Hamilton Chapter

Please join us for our 2016 Annual General Meeting (AGM) on **Friday May 27th** – we really want to hear from you regarding Chapter business and also get new ideas as we move forward. Your attendance at this meeting is also especially important this year as we have six Board positions up for election ... and we **NEED** your support to help elect the new Board members.

Plus, on top of normal Chapter business, we have a very current and prevalent topic with an amazing speaker that we know you will definitely want to hear. ****Please see details below.**

The event will be held at the Hamilton location of **Kings Buffet** on Centennial Parkway (at corner of Barton St. near QEW exit).

****Friday** May 27, 2016**

Annual General Meeting (AGM)

PDM Topic: Supply Chain Risk Management

Supply chain potential risks and disruptions have a significant impact on the company's business and financial performance.

Risk stems from uncertainty about the outcome of a strategy, a process, or an event. This uncertainty is heightened as the timing and accuracy about the information available concerning the event becomes unclear. As the risk grows, so does the potential for financial loss.

Companies with mature supply chain and risk management capabilities are more resilient and able to withstand supply chain disruptions.

Participants in this presentation will learn how to identify, analyze and put in place actions to prevent and mitigate the impact of supply chain risks.

Speaker: Chaim Silberstein, BA, MBA, CFPIM, CIRM, CSCP, Jonah, OAS, SCOR-P
