

HPV Today Forum

Partnership with Merck and Lentz Public Health

Kristin Rager, MD, from Rager Adolescent Health, will facilitate a discussion on HPV and you are invited to participate. We encourage every practice to send at least one provider and an immunization champion. There will be attendees from the public sector, private sector and academic centers. In addition, specialists from pediatrics, family medicine, OBGYN and gynecological oncology will be in attendance. Dinner will be catered by Maggiano's Little Italy.
