

Requesting Mailing Labels from the Long Island Council of Churches

Our Board has put strict limits on what information we can distribute from our database, which is far more extensive than the directory, since it takes quite a bit of work to do the sorting needed to produce the labels you want: We cannot share the database itself with others, since it contains some confidential info such as home phone and cell phone numbers people don't wish to share. We currently charge 50 cents a label for not-for-profits, payable in advance. We charge 75 cents a label to businesses that have a legitimate reason to contact congregations and clergy. Our complete database is about 3700 names.

We can sort by:

- faith community (Christian/Jewish/Muslim, etc.)
- denomination
- clergy vs. lay leaders
- county
- zip code

You can, for example, request labels for all the Protestant clergy in Nassau County, or the lay leaders of a particular faith/denomination in area codes y and z, and we will let you how many labels that will be. Or you can request labels for everyone we know in specified zip codes. There is a one week lead time to get the labels to you.

You can contact Yolanda Murray at 516-565-0290 to order labels. Checks should be made out to the Long Island Council of Churches with a note that this is for labels. To charge your purchase, please call Uriel Welch or Yolanda Murray at 516-565-0290.
