OILMEC DRILLING EQUIPMENTS (P) LTD.

(An ISO 9001: 2008 & API-10D & 5CT Certified Company)

GULATI STEEL FAB

OMEGA

OILMEC - Our pioneering world of heavy engineering products goes a couple of decades back when under the banner **Gulati Steel Fab** a formidable team of skilled engineers commenced designing and manufacturing parts for Heavy & Medium Industries for Construction, Mining Equipment at the Industrial hub of Haryana, Faridabad - India. Years later the Hi- Tech world of Heavy & Medium Engineering was growing and market demands resulted in the emergence of **Omega Construction Equipments (P) Ltd**, which engineered its way to Pick and Carry Hydraulic Cranes, Tower Cranes , Fork Lifts & Fabricate Heavy & Medium equipments for various Industries around the globe. The company was manufacturing equipments and parts for different sectors viz Construction, Cement, Chemical, Power & Gas.

The incisive vision, sheer dedicated focus and willingness to produce precision quality industrial products, parts & machinery related to Oil & Gas industries saw the emergence of **Oilmec Drilling Equipments (P) Ltd.**

OILMEC DRILLING EQUIPMENTS (P) LTD.

OILMEC VISION

OILMEC will become an unique client-focused service provider and manufacturer of quality products in the global oil, gas and energy industries .

To see our vision through we much emphasized on the quality of our products and made sure that it is second to none. Being a highly precision oriented industry no stone is left unturned to achieve the industry standards so as to map the client's precision requirements.

OILMEC MISSION

To exceed client's expectations by providing superior products integrated with a superior sales support.

A dedicated and highly motivated R&D team sweats out 24x7 to further improve/enhance the

existing features and develop additional ones to create newer and better technology State of the art manufacturing is in place for quality production at par with the best in the industry. Extensive in-house testing of the products by our qualified staff insures quality to the end user.

On site testing and application with fully automatic and computerized load testing machines for starting, running and restoring force testing. Pneumatic and hydraulic machines for Fitting Assembly and welding of Centralizers

VALUES

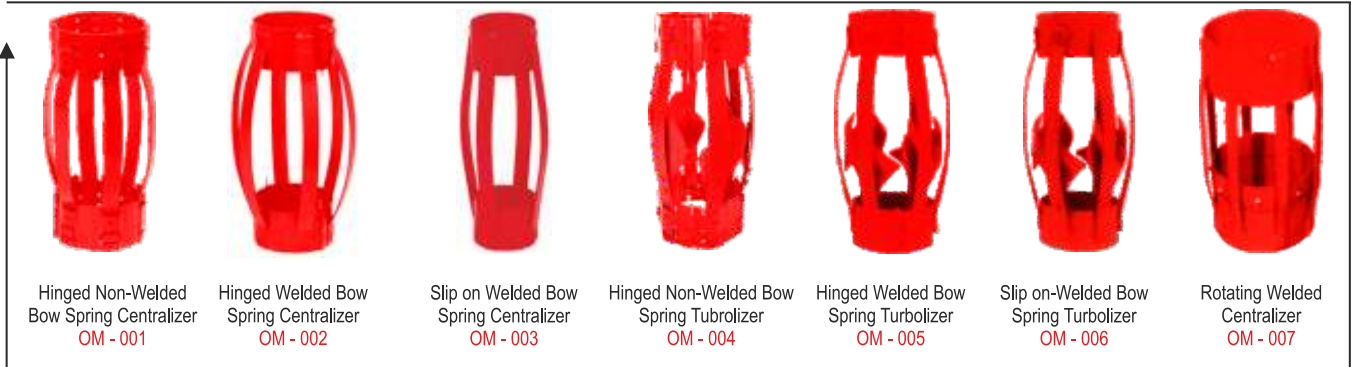

- Client satisfaction
- Integrity/honesty
- Fairness and openness
- Continuous improvement

Cementing Float Equipment

All type of Non Rotating, Double Valve, Manual & Auto fill Valve and Stab in Type Float Equipments are available. Sizes ranging from 2 7/8" to 36"

Standard Bow Spring Centralizer

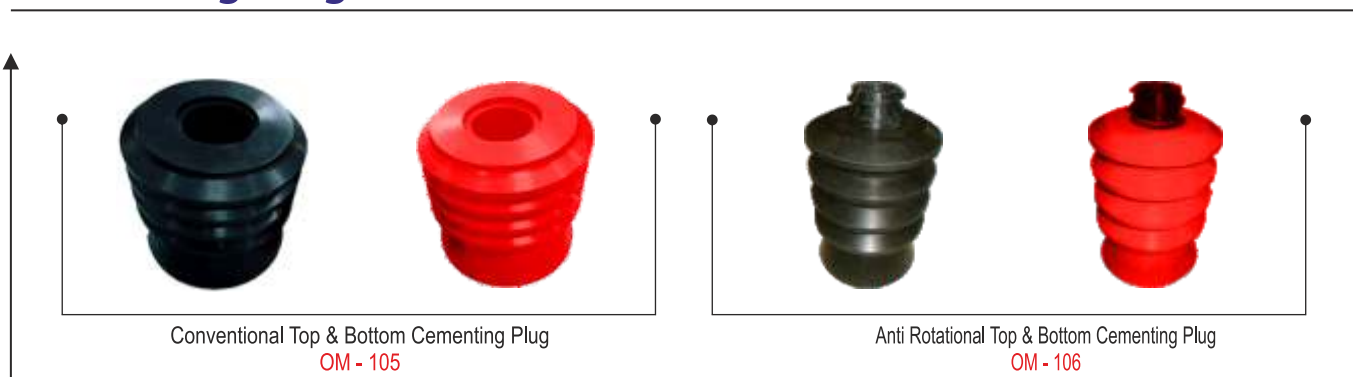

Rigid Bow Centralizer

Solid Rigid Centralizer

Cementing Plug

Stop Collars

OILMEC-LOK II & THREAD COMPOUND
