## *Hello Spring!*

We all know what a brutal winter we had with the cold temperatures, ice and snow. Mother Nature really showed her ugly side this past season. They say good things come to those who wait patiently (or not). We grumbled about road conditions, power outages and outrageous heating bills. Now we're beginning to enjoy longer days, more sunshine and a few warm breezes. Let's get outside and enjoy this wonderful season.

## UNDER CONSTRUCTION

We love a great construction project office. We've changed the color of the black awning. Then we decided the "80's"

from the fitting rooms and waiting area. We hired **Room4Change**, a couple of local designers by the names of Laura and Jill, to convert our office from top to bottom into a beautiful, new setting. We can hardly wait for the finished product to be revealed (very soon). We feel like we are having a makeover just like on HGTV. It's been a lot of fun!

and boy do we have one going on at the building to beige, added a blue door and were calling for their mauve tones back

**We now have lay-away just like the big department stores and Gift Certificates for that perfect gift. We also carry T-shirts, scarves, turbans, and wigs.**

## **UPDATE, UPDATE, UPDATE**

We're busy making plans for our third annual breast brunch on **October 17, 2015** at **9:30am**. This year's event will be held at the Pine Room, Oglebay Resort and Conference Center, Wheeling, WV. We've found an outstanding speaker and hope she will be as enjoyable as last year's. Last year will be hard to top but we think you will be very entertained.

If you attended the previous brunch, you will already know what a good time we had. If this is your first Breast Brunch, we welcome you to join us for a morning of fun, food, fashion and flowers.

We've begun taking reservations, starting now, for your convenience. Please give us a call or stop in to sign up. Remember, you can bring a guest and there is **no cost** to you for the event. We still need models for the style show (no experience necessary). They say being a model's a hoot. We could also use a few volunteers the morning of the event, if you would like to help.

In addition to breast cancer survivors, we thought it would be appropriate to recognize all female cancers. If you know anybody who has been treated for a female cancer please consider inviting them to "the Event" and include them in your reservation.

**Call Debbie, Mary or Fran with questions or to RSVP - 740-633-2944.**

As of January 1, 2015 we will need a major credit card (Visa, Master Card or American Express) for billing purposes and to cover the cost of any co-pays and/or deductibles. We have experienced some difficulties in the past collecting these monies when sending out billing statements. We will give you the opportunity to pay your account by check or cash before processing your remaining balance on your credit card. We apologize for this inconvenience in advance but it's absolutely necessary since the government and insurance require us to collect these charges.

### **NEW STAFF**

We are happy to announce that later this summer, and in the fall, we will be adding two Registered Nurses to our fitting staff. Both of these girls have years of experience in Women's Health who wanted to try their hand at fitting bras and prosthesis. We will introduce them at the Breast Brunch in October.

## Notes of Interest

In the past year, or so, we've received many inquiries about big bras and odd sizes. We're happy to announce that we will be carrying a couple of new lines of bras (not pocketed). They will start at size 34E and range to size 54M for those gals who cannot find comfortable bras in the department stores. Our research found that this is a major comfort and health issue, so we would like to address this challenge. We've spoken with a couple of manufacturers and other dealers who already use these products. We were told at the past trade show that these products are very well made and the comfort factor is superior.

We've also added another line of Maternity and Nursing bras to our collection. These bras are very pretty as well as practical. We have one bra that will **grow** with you as your pregnancy progresses. Imagine that! And while we're on the subject of maternity, our belly bands and supports are a terrific help to ease the pressure of those few last weeks. We're also carrying a new line of maternity support hose called "Preggers." Preggers aid in providing gentle support for the expectant mom. Breast Pumps and supplies are always available and are usually billable under most insurance.

### \*\*\*\* \$wimsuit \$ale \*\*\*\*

We are way overstocked on swimwear this season. If you're currently in need of a new swimsuit or will be, now is your opportunity to cash in on some great savings. Our goal is to sell every swimsuit this summer at a discount price. Don't delay and miss out on some great savings, not to mention a really cute suit!

#### FAMOUS LAST WORDS

If you're due for bras or a prosthesis please give us a call. We try to send everyone a reminder card in advance so you can make an appointment. Most insurance companies allow for bras yearly and breast prosthesis according to their policies. If you are not sure, give Mary a call at 740-633-2944 or if you have billing or insurance questions.

## Mint Brownie Recipe\*

Mint Frosting for Brownies (yum)

\*Use a good quality, box brownie mix for best results

2 C confectioner's sugar

4 Tbsp. softened butter

1 Tbsp. milk

1 tsp. peppermint extract

1 drop green food color

**Directions:** Mix all the ingredients and spread over cool brownies. Allow to set.

Glaze (to go over the frosting)

4 Tbsp. butter

4 oz. sweet chocolate

**Directions:** Melt the butter and sweet chocolate together. Spread glaze evenly over set frosting.
