

BLACKIE'S BEST
GOURMET PEPPER
SAUCES

About Us

I developed the original recipe for Blackie's Best Gourmet Pepper Sauce in the mid-90's in the necessity of needing greater flavor and thicker consistency from what I was using as hot sauce seasoning. The main ingredient in Blackie's Best is chile peppers, and there are more, of only the ripest chile peppers, per bottle of Blackie's than any other sauce out there! This is an all natural sauce, having no preservatives or sugar - see Sriracha!

Always offering a sauce with "a little heat, and a lot of flavor"; I've been asked regularly for a sauce that's "hotter". ***Blackie's Best Gourmet Pepper Sauce XS (Xtra Spicy)*** is for folks who like it "hot", and this sauce delivers precisely what it states on the label - "A Lot of heat ... a Lot of flavor"! You can believe me when I say, Blackie's Best XS has a *smooth, short-lasting, and extremely pleasurable burn that leaves you wanting more!*

I promise you my gourmet pepper sauce is unlike any sauce you've ever tasted! It has the perfect combination of tasteful and pungent chile peppers to be used for almost all things edible, when you want to add a little heat, or a lot of heat and a Lot of flavor!
