VOLUME XXVI Issue IV: APRIL 2024

In the  
**Spring**

at the end of the day,  
**YOU SHOULD SMELL  
LIKE DIRT...**

That being said, lets get the season  
rolling fast and furious with

**15% OFF** YOUR SOIL  
PURCHASES!

**THE WHOLE MONTH OF APRIL!**

**Come on in and get some dirt, bulbs,  
seeds, and other accoutrements!**

**Since it's spring,**

the first order of cedar  
furniture is on the assembly line  
(Well, one guy in Graham, WA makes them)

**SO BE ON THE LOOK OUT  
FOR THAT FRESH LOAD  
TO COME IN!**

**We may even have some deals  
on the seasoned ones out front!**

**WANT TO SAVE  
THOUSANDS OF  
DOLLARS?  
(and your ice cream)**

Have you plunked down three to six thousand dollars yet to have a curious looking residential whole house emergency generator system in a box? I just can't see spending all that money betting against OPALCO!

Here is another way to "SKIN A GOOSE"! Marce just made a screaming deal with Orgill called a pallet buy. We have just a few of these gems in stock, ready for you! They are the Ford Corporation's 11,000 peak watts DUEL FUEL portable generators with a three year LIMITED warranty (whatever that means). This same unit sells at the big orange bully for \$1,283.00 (no disrespect to our mainland friends at Home Depot).

Buy it from Marce's crew for \$999.99! Check out the specs on this monster! Most six figure priced luxury motor homes have either a 4000 or up to 8000 watt unit. This has a 11,050! Now here is the kicker! If you are a loyal current account holder, with say a bad back, you may be able to get a free delivery!

#### WHILE THE GENERATOR IS RUNNING SWITCH FROM LPG TO GAS OR GAS TO LPG

- 10500W Peak 8100W Rated LPG
- 11050W Peak 9000W Rated GAS
- 457cc OHV Engine
- Electric Start
- Maintenance Free 14Ah 12V Battery
