

2018 JLGA BAYOU CERTIFIED PROGRAM

Updated for 2019 Show Season

The main focus of the JLGA is and always will be the youth and their goat projects. In keeping with this focus, the JLGA put the Bayou Certified Program into effect in 2008.

The JLGA Bayou Certified Program is open to any Louisiana youth or adult Louisiana breeder providing they are current on their dues (at the time goat(s) are being submitted for Bayou Certification) and have met all requirements for the Bayou Certified Program.

It is the responsibility of the exhibitor, their parents, and/or guardians to question the breeder and make sure the offspring are eligible for the JLGA Bayou Certified Program. The Breeder is defined as the owner of the dam (of the offspring a JLGA member is wishing to register as "Bayou Certified") at time of conception.

It is also the responsibility of all JLGA Parents and/or legal guardians to check the posted class sheets on show day and report any discrepancies in pre-registration including missing Bayou Certification status to JLGA personnel at their time of check-in at the "Paper" check take and make sure it is note on their check-in sheets. Same applies to day of show entries. Once show starts, then no Bayou Certification status may be added to the show books for the remainder of that day.

(ADDED FEB 22, 2019)

The JLGA "Bayou Certification Program" also known as "Bred and Born in the Bayou State" Program, is solely owned and operated by the JLGA and any part or in whole cannot be used by another association, organization, or non-sponsored JLGA show, without written permission from the Junior Louisiana Goat Association (JLGA).

PROGRAM RULES: In order for a goat to be classed as "Bayou Certified" and compete for awards as such at JLGA sponsored shows, they must meet all the following requirements. **NO**

EXCEPTIONS!!

1. Person submitting goats for Bayou Certification must be a current paid JLGA member in good standings at time Certification is being submitted. Membership forms can be found on our website, www.jlga.org, under the "Members" tab.
2. Dams of offspring being Bayou Certified, must have been bred in the State of Louisiana. Conception may be by natural or artificial means, but must have taken place in Louisiana. If by artificial means, the breeder (upon request) must be able to verify that the procedure took place within the State of Louisiana. Offspring from does that were taken out of state to be bred either naturally or by artificial means (A.I.) or as a result of a Flush procedure done out of state are ineligible to be Bayou Certified.

3. Goat being submitted for Bayou Certification must have been born and being raised in the State of Louisiana.
4. All Market Goats and Commercial Does a JLGA member wishes to have registered in the JLGA "Bred and Born in the Bayou State" herd books and be eligible to compete as such at JLGA shows, should have a USDA Louisiana scrapie tag in their ear. For LaMancha cross Market Goats and/or does who inherit the LaMancha ear, please have a USDA Louisiana Scrapie tag assigned to that goat as suggested in the "JLGA Show Rules" under "Scrapie Tags." Show rules can be found on our website under the "Members" tab.
5. For all registered goats, it is recommended that all of these goats a JLGA Member wishes to have registered as Bayou Certified, either have a USDA Scrapie Tag in their ear or have one assigned to each goat with identification on the back of the tag as listed in the JLGA Show Rules under the suggested Scrapie Program section. This can be found under the "Members" tab on our website. If the exhibitor chooses to participate in the Scrapie Program, but also chooses to not put the tag in their goat's ear, we ask that they please follow the suggestions as listed in the "JLGA Show Rules" under "Scrapie Program" found under the "Members" tab on our website. These tags need to be with the youth at all times for easy access if the need arises.
6. All Commercial Does **must** have COM tattooed in one ear (preferably the right) and DOE tattooed in the other ear (preferably the left). The only exceptions will be for 4th Generation and lower registered Kinder Goats and any registered Percentage AOB Does. These does will show as Commercial Does due to the current AOB rule that all AOB Breeds must be 100% of their breed and is open to all other breeds with the exception of Boers, Pygmies, and Dairies. These does do not have to be tattooed 'COM' 'DOE' due to the fact that they will have their registry tattoos showing them as 4th Generation or lower or percentage AOB Does. **(ADDED JAN 2017)**

(ADDED JAN 2017) The JLGA realizes that not all youth have access to tattooing equipment, therefore tattooing of Commercial Does (and registered goats if needed) will be available at all JLGA shows. JLGA Show Personnel request that if you have a goat that needs to be tattooed whether it is a Commercial Doe or any registered goat, please arrive at least one hour prior to check-in time and let show personnel at the scales or at registration desk know you have a goat that needs to be tattooed.

PROGRAM PRIVILEGES

1. Bayou Certified goats compete for extra awards at all JLGA show and also for "End of Year" Awards.
2. Youth and Adult JLGA Breeder Members will have their farm or ranch listing on the JLGA

website.

3. Youth JLGA Breeder members will be eligible to count points for "End of Year" JLGA Bayou Certified Youth Breeder.
4. Adult JLGA Breeder members will be eligible to count points for "End of Year" JLGA Adult Bayou Certified Breeder, providing there are at least 3 current Adult Breeder Members for that year. This award is sponsored by outside funds.

HOW TO BAYOU CERTIFY ELIGIBLE GOATS

If a current JLGA member wishes to Bayou Certify eligible goats, then they must do so prior to the start of the first show that they wish to show the goats as Bayou Certified. All Bayou Certification fees are to be paid at time of check-in. If it is registered goats, please make sure to bring their registration papers along with a copy to be kept on file. Once classes have started on day of show, Bayou Certification will be closed till the completion of that day's show.

THE BAYOU CERTIFIED PROGRAM DOES NOT REQUIRE THE USE OF AN EAR TAG FOR BAYOU CERTIFICATION IDENTIFICATION. There are certain breeds of goats whom for show purposes in their respective sanctioned breed shows that are not ear tagged. Also there are the LaManchas that hardly have any ears at all. The JLGA believes that ALL qualifying Bayou Certified goats, regardless of the breed of goat, should be able to be recognized as such.

Therefore at this time, the JLGA does not ear tag ANY goats for the Bayou Certified Program. Eligible goats are Bayou Certified by JLGA members only at JLGA shows & the shows records acts a record of all Bayou Certified goats.

BAYOU CERTIFICATION FEES: \$10.00 per goat for the life of the goat.

All Bayou Certification fees go right back to the youth. These funds are set aside to help with the cost of "Bayou Certified" awards and premiums given at JLGA sponsored shows to "Bayou Certified" goats.

Pygmy Does (2011)

PURCHASED GOATS THAT MAY HAVE ALREADY BEEN BAYOU CERTIFIED: If you have purchased a goat (especially an older goat or one that has been shown before on the JLGA circuit) and are unsure if it has been previously Bayou Certified, please check with the JLGA Adult Secretary to inquire on that's goats Bayou Certified status.

PLEASE READ CAREFULLY: If, at anytime after a goat has been Bayou Certified, a goat is determined not to be eligible for Bayou Certification, Bayou Certification for that goat will no longer be valid. All Bayou Certified points previously earned will be pulled and goat will no longer be eligible to count Bayou Certified points. Bayou Certification fees paid for that goat are non-refundable. These goat(s) may continue to compete as Overall entries. The JLGA is not responsible for breeder's misinterpretation of the JLGA Bayou Certified Program or misrepresentation of a breeder's goat(s) Bayou Certification eligibility.

PROGRAM VIOLATIONS: On a case by case bases, if the situation arises that a goat was misrepresented as being eligible to be "Bayou Certified," the person submitting the Bayou Certification for that goat may bear full responsibility including but not limited to reimbursement to JLGA for any awards, premiums, ribbons, etc. that were awarded to that non-qualifying goat.

Disciplinary actions may be carried out including but not limited to fines, suspension of Bayou Certification privileges for a set amount of time and possibility of permanent suspension from the Bayou Certification Programs.

MORE INFORMATION: If you have questions about the Bayou Certified Program or questions on eligibility of your goats, please contact Cynthia Hailey JLGA Adult Secretary at boeredillygoatranch@hotmail.com or you can message her on Facebook or call 318-992-4168. If no answer, please leave a message with a good time for your call to be returned.
