... other pictures from sept (older boys next newsletter)

16 plus years with so many children and now at 100 ages 3 to 17 living with us 24/7, most having only had TMC as home since birth, another 20 in secondary school and 6 single moms, a blind couple with 7 children and about 25 outside babies and disabled children.

TMCT is an awe-some happening you all and us here with staff have had the privilege of being part of for 16 years, just a few more to go... 15 ?? :-)

Hi, everyone, pictures tell a 1,000 words (if ur done reading here are a few more)... most of our children have relatives however they would have difficulty fitting into the village life circumstance with the lack of pretty much everything at one time or another. We are seeing a few relatives (fathers remarried and now better able to care ) and so encourage the possibility of the child joining the new family, so much depending on the step-mother's and half/sibling attitude. Mary, Pam and I really have been "the always be there" in their lives people... so we are praying for two God called couples to come 3 months (each) per year probably Jan thru May/June to step into being support for Mary and other non- managerial helps. Pam and I as it appears now have to maintain 6 months per year in North America. The reason is two families/friends in East USA and our church in West USA and (our only option?) 5 months to qualify for Alberta health care and a permanent Resident Permit for Pam. Much love and appreciation for/to you all and our so good Lord ... prayer welcome in all areas that come to mind :-)
