Anyone can submit an article for the next Bulletin, including photos (articles may be edited for length and/or content). Articles can be submitted at any time,

please don't wait for the deadline of Friday October 22nd for the Nov/Dec 2022 issue of the Bulletin.

Please remember...

When we talk about events (dinners, ceremonies, etc.) taking place at the Post, these events are not specifically "Legion events", "SAL events", or "Auxiliary events." Although the LGN, AUX or SAL may be the one taking the lead in organization, with very few exceptions, all functions at our Post are open to all members of our organization, our family, friends, guests and interested members of the community.

And when we ask for volunteers to help with various projects around the Post, help with our ceremonies, or with maintenance, this also means every one of our members are invited to participate.

Please think of yourself as a member of Post 346, not just an SAL, AUX, or Legion member. We need to pull together, help each other, take pride in our home (where ever our home may be), and make Post 346 the best we can make it.

We recommend to all members that, when you get your **annual flu shot**, you also include the latest **COVID booster** shot. The CDC says that the COVID virus is in a transitional phase in the US, becoming "endemic" instead of "pandemic". This means that the disease is still around but not at a level that is causing significant disruption in our daily lives. The seasonal flu is endemic. We will not be hosting a flu shot clinic this year at Post 346.

Some call it multi-tasking, I call it doing something else while I try to remember what I was doing in the first place. ~ I got myself a senior GPS. Not only does it tell me how to get to my destination, it tells me why I wanted to go there.

Military retirees and disabled veterans will see their monthly checks

increase by 8.7% for 2023, thanks to an annual adjustment to the federal Cost of Living Allowance (COLA) due to inflation. This was announced recently by the Social Security Administration. The annual adjustment has averaged 1.9% for the last 10 years. Most government disability and retirement payments are required by law to increase annually by the same amount. For 2023, retired military members will see a \$87 increase for each \$1,000 of military retirement pension they receive each month.

Disabled veterans will also see their benefit payments increase in the upcoming year. The average VA disability check will go up about \$13.28 per month for those with a 10% rating, and \$289.89 for those rated at 100%. Military pay benefits are constantly changing, make sure you're up-to-date with everything you've earned. Read the full article here: <https://www.military.com/benefits/military-pay/allowances/cola-for-retired-pay.html>

In recent years, scammers

have typically tried to get their targets to send money in one of four ways - gift cards, wire transfers, cyber currency or cash, as each is all but untraceable once the payment leaves your hands. Now a 5th form of payment is quickly on the rise; peer to peer (P2P) money transfers via popular apps like Zelle, Venmo or CashApp. These services let you send money from a smartphone using funds in a linked bank account or credit/debit card. These transfers are instant and, in most situations, can't be traced.

Five ways to stay safer using P2P apps

- 1) Never use P2P transfer apps when engaging with strangers or businesses. You'll have much more protection if you use a credit card.
- 2) If someone insists on being paid with Zelle, CashApp or Venmo, walk away. The odds are too high that it's a scam. *Unless you're paying for Queen of Hearts tickets with us!*
- 3) Link the app you are using to a credit card rather than a bank account for more built-in protection.
- 4) Never click on links sent to you via text or email with a request to update your P2P account information. These are often sent by scammers.
- 5) If you think you've been cheated always go directly to the app's website to reach customer service. Do not do a generic web search for a company's customer service department, fake sites built by crooks will often show up among the results and you could get hit by another scam!

Commander's Corner...
Post 346 Commander
Marya Davis

Armistice Day was first proclaimed on Nov. 11, 1919 to honor the first anniversary of the end of WWI. Congress passed a resolution for an annual observance in 1926 and it eventually became the national holiday Veterans Day. Here at our Post, we will host a combined event with the Elks to commemorate this important day and to honor our veterans. Our world is changing. This time of year, is filled with tradition. Some traditions will evolve and change over time and that is normal. Families blend together, people move and life situations change. Customs adapt to our lives as much as we adapt to the customs around us. Thanksgiving has been a time-honored tradition including family gatherings, reflection and gratitude. December is filled with many celebrations honoring one's culture, family or religion. And don't forget about our favorite annual football games. Check the coming events and don't miss out on time with our Legion family.

And now the news you have been waiting for - we are one step closer to our new Legion home. A new Letter of Intent is signed (called a soft signature). Either party can pull out until the purchase agreement is finalized. The buyer then has up to 4 months for their due diligence and then up to 6 months to complete all of their inspections and city approvals. I am pleased to say that this is with the condo guy. This is great news for the city and great news for us as he is experienced with the Farmington approval process. So now we can start window shopping and narrow down our list of potential new homes in the Farmington area. Actually, we have our eyes on the strip mall across from Zap Zone. Giant parking lot for outdoor events!!! When we finish closing on the post, we will then have the money to purchase or lease. The biggest bonus of all is that we stay here until the process is complete. And we have lots of upcoming events prior to moving.

Although we are no longer advertising the availability of our banquet halls to the public, if any Legion member is interested in "as-is" usage in exchange for a donation, or can vouch for a friend, who understands the state of the building, contact Eric. Once we find our new home, then we can make our final decisions on the items to be sold versus what we need to keep. And speaking of keeping some items, if anyone knows of free/inexpensive local storage space please let us know, that would be very much appreciated.

Happy Holidays to all!
In service,
Marya Davis, Commander

Dear fellow American Legion Auxiliary members,

At the last monthly members meeting on Oct. 6th, we discussed the topic of membership and in particular, **engaged** membership, as the 4 of us – Carol H, Leah B, Myrtle G and myself – sat around a table.

Questions like:

- How can we attract new members?
- How can we convince current members that are able, to show up for meetings (and dare I say, volunteer to help with events)?
- How can we continue our mission when no one steps up, or is able to step up?

Our membership is aging and those who are able and willing to volunteer are few and are getting tired. The uncertainty of the building is a concern, though I would dare say that we are more than just a building/bar. With all these uncertainties, how can we proceed? Why are we doing this? **Are we relevant?** The first answer is easy - our mission is to advocate for veterans, educate our citizens, mentor youth, and promote patriotism, good citizenship, peace and security.

We need to **collectively** figure out what it means to be relevant in our community and therefore attract new generations to carry on the needed support and outreach. A big thank you to President Carol is in order. She has taken on most tasks for the organization for quite some time. Let's all give the help she, our few active volunteers and the organization deserves. **Please** come to the next meeting to discuss these points, bring your ideas and solutions. **Get involved!**

Post 346 Chaplain
Andy Machcinski

My Fellow Legionnaires:
Once again fall has arrived to give us all the beautiful colors, cool days and football! All the things we enjoy, but most of all we must look forward to the one day of the year where we celebrate the birth of Christ! The amazing thing is that God does not want any presents or gifts, all he wants from us is ourselves, to lead a good life, obey His commandments and say our prayer. None of these things cost anything, are not hard to do and do not take much time!

So let us all, as Legionnaires, stand up straight, celebrate first our Thanksgiving, hard to believe but, there is a lot to be thankful for, and then on bended knee, if possible, celebrate HIS birthday!

Below is a short prayer for us to say during this holiday season. Say it often to warm you up and prepare for Thanksgiving day, HIS Birthday celebration and the coming of spring:

*God of creation, thank you for the beauty of winter - for snow, icy window panes, evergreen trees, warm coats, sledding, and hot cocoa. Let us enjoy Your creation in all its glory, this winter and as always, the day of Thanksgiving and Your birthday.
In Your holy name Amen.*

Your Chaplain, Andy
