Jim Zura
Zura Productions
2043 Round Spring Drive
Kingwood, Texas 77339

Letter of Recommendation

To Whom It May Concern:

I have been working with Jim Zura regularly for the past two years on my company's corporate video projects; locally in Houston, and in production at locations in the U.S. and Canada. Cyanco is a manufacturer and transporter of some highly sensitive products and only highly-trained, disciplined individuals are permitted in the facilities we operate.

Jim and his production team were instrumental in developing our overall video production project, from budgeting to script writing, casting, computer graphics generation, props and language translations. His extensive experience in the business resulted in our video productions being delivered on time, on budget, and most importantly, instant hits with our target audiences around the globe.

If you have any additional questions, please do not hesitate to contact me at max.jones@cyanco.com or directly via phone at 832.590.3644.

Sincerely,

A handwritten signature in blue ink that reads "Max D. Jones". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Max D. Jones
Director – EHSS and ICMC
