Identify available down payment assistance programs in your target home search area with a few simple steps!

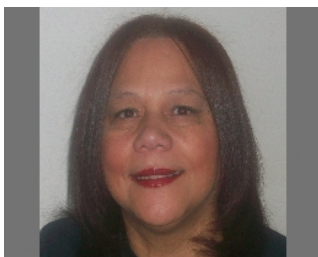

1. Visit downpayment.car.org to get started.
2. Enter a specific property address, or the area in which you are looking to buy.
The box to the right will tell you how many matches we found based on your criteria:

The screenshot shows a search interface with three tabs: "Property Information" (selected), "Household Information", and "Special Circumstances". Below the tabs, there is a text box with instructions: "Start your search by entering a street address and zip code if you already have a specific property in mind, or begin typing a neighborhood, city, town or county in the general search box and select an entry from the drop down menu." There are three input fields: "Street Address (e.g. 123 Main Street)", "Zip Code", and "General Search (Neighborhood, City, County)". To the right of these fields is a box displaying the number "9" and the text "Possible program matches", with a "View Programs" button below it.

3. Click **View Programs** to learn more about the down payment assistance programs available to you:
