

Home of Kamenah Leonbergers

My name is Juanita Allen. I am a current member of the Leonberger Club of America LCA since 2006.

I breed for good temperament, and healthy dogs. All of our dogs are members of our family and the puppies are raised in our home with our family with me sleeping close by in case the mother needs any assistance...

I have raised and shown dogs since 1986. My first breeds were Chows and Chesapeake Bay Retrievers. I was very fortunate in the beginning to bring home my first dogs from top breeders in the country. For me this was the best learning experiences I could have had on my introduction to the dog show world and learning about the health and structure of these two breeds...

In 1992 I moved with my dogs to Eastern Washington and married my husband Kerry. When I moved here to Chewelah I retired from showing. My remaining companions lived out their lives to nice ripe old ages.

When I felt ready to again start the process of adding a family pet to our home I contacted an old friend who is now an AKC judge and who was the breeder I bought my first show Chow from... Everything seems to come full circle.

We talked about breeds and I explained my life here in Eastern Washington and we talked about what I was looking for in a family pet, namely a sound loving temperament and also loving the larger breeds she gave me the names of two rare breeds. One was the Leonberger. I started the process of learning about the breed and contacting breeders in the area. I then went and met my first Leonberger and fell in love. So here I am twelve years later with four Leos which I love and cherish.

Dr. Becket, Journey, Gemma, and Isabella

All of our Leonbergers have completed their required health tests at 2 years of age. Any Males that I may use for breeding all must complete the required health tests as well.

Hips and Elbows

Thyroid

Eye Certification

LPN1, LPN2 and LEMP

Both Sire and Dam of any litters have their CHIC numbers which is given when the dogs have had their required health testing completed for that particular breed.

For me the temperament and lovable nature of this large breed is what sold me.

If you have any more questions please feel free to contact me by phone or email.
