We've almost reached the big finish, the unveiling of the Overall World Champions and Overall Reserve World Champions for each division!

First, though, here's how all these final class results and divisional results were determined.

To be eligible, a horse had to compete in its class for at least four legs of this six-leg series (unless shown by an entrant who judged one of the last four legs but did not enter the first two legs, in which case the horse had to have competed in its class in at least three legs).

A World Champion, Reserve World Champion, and third through tenth place were named in each class, determined by the average of each horse's best four (or three as above) placings in that class. (An HM was considered 11th place, and finishing unplaced was calculated as 15th place.)

To be named World Champion, a horse had to have also won that class at least once (the Reserve World Champion did not need to have won). In the event of a tie, the amount of championships that each of the tied horses won in that show

during the series broke the tie. (In all calculations, one Reserve Championship was considered half a Championship.) If the tied horses won the same number of championships in the show, the number of times each horse won that class broke the tie. If the tied horses won the class the same number of times, the tie stood.

To determine the Divisional Breed, Color, and Workmanship World Champions and Reserve World Champions in each decade's division, the top three placers (World Champion, Reserve World Champion, and third placer) in each class returned. The World Champion with the most Championships was ranked first. After a World Champion was ranked, the Reserve World Champion in its class (highlighted in light green on the lists you'll find on pgs. 33-35) could advance. After a Reserve World Champion was ranked, the third placer (highlighted in light blue) could advance. After all were ranked, any remaining horse who won an Overall Championship or Overall Reserve in the series (highlighted in light red) could be ranked below the third placer in its class. Ties in the number of championships were broken by average placing in the series; if still tied after that, the number of class wins broke the tie.

Each decade's Overall World Champion, Reserve World Champion, and Top Ten were determined by the amount of #1 rankings among the top four (or top five if needed to complete the Overall Top Ten list) ranked horses in the Breed, Color, and Workmanship divisional rankings. If three different horses had #1 rankings, the tie was broken by number of rankings (horses with three placed above horses with two, who placed above horses with one), followed by the average from the aggregate of Breed/ Color/Workmanship rankings. If again a tie, the tiebreaker was the total number of championships.

After the #1-ranked horses were placed, the remaining top four (or five) ranked horses in Breed, Color, and Workmanship were then placed by the average from the aggregate of those three rankings. Horses with three rankings placed above horses with two rankings, followed by horses with one ranking. If needed, the tiebreaker was the total number of championships.

And now, heeere at last are the Overall World Champions and Reserves!

Julie Froelich 18

Diane Capwell 9

Marie Spinella Phillips 6 (plus 3 in collaboration)

Laura Hornick Behning / Sarah Minkiewicz-Breunig 6

The 2020-21 VCMEC Online World Championships start September 1!

Just as a model horse represents the real thing, frozen in the moment, a photo of a model horse is something timeless.

With that fraction of an instant safely preserved, either on paper or digitally, your vintage custom model horse can transcend time as well as space...and now even join in a world-wide gathering to compete in the Vintage Custom Model Equine Congress (VCMEC) Online World Championships!

The VCMEC Online World Championships is an online photo show series unlike any other. Spanning 18 months, it's designed to determine the world's top vintage custom equines (any factory mass-produced plastic, china, cold-cast porcelain, metal, or factory resin model equine that was customized by a non-factory artist prior to the year 2000) through competitions focusing on conformation and breed type, color, and workmanship, judged by several respected hobbyists.

There's lots of loot for the winning, too, with commercial rosettes and trophies awarded at the end of the series! That's in addition to World Champion titles earned in extended showdowns against the best vintage custom show horses on the planet!

Legs of the 20120-21 VCMEC Online World Championship series will be held quarterly: in 2020 starting on Sept. 1 (entry deadline Aug. 30 midnight Eastern Standard Time) and Dec. 1, and in 2021 starting on March 1, June 1, Sept. 1, and Dec. 1.

Show results will be published right here in **VCMEC Model Horse Re-View**, the free online publication of the Vintage Custom Model Equine Center.

Due to the nature of this competition, new entrants will only be accepted until February 15, 2021, so don't miss out!

The 2020-21 VCMEC Online World Championships series show info packet PDF has all the details and classlists, as well as an FAQ, and is available now! Get yours on the VCMEC Online World Championships info page of our web site, <http://www.vcmec.org>.

It can also be downloaded from the Files section of the Vintage Custom Model Equine Center Facebook page.

Treat your vintage customs to the chance to compete to be the greatest on the planet. It's time to take on the world!

This Issue's Birthday Barn!

I'm Impressed *25 Years Old!*

CM by Lesli Kathman in 1995
Owned by Sophie Nordstrom

Congratulations to all the vintage customs from the "crops" of 1960, 1965, 1970, 1975, 1980, 1985, 1990, and 1995 on reaching major milestones in 2020!

This issue, the celebration continues with some of the stars who competed in the 2018-2019 VCMEC Online World Championships!

(Have one created in 1960, 1965, 1970, 1975, 1980, 1985, 1990, or 1995? Get it into the Birthday Barn spotlight by e-mailing its photo and info to our Gmail address below!)
