ASCE Hawai'i Section 2018 Outstanding Civil Engineering Achievement Awards

general information

The American Society of Civil Engineers (ASCE) Hawai'i Section seeks nominations for the 2018 Hawai'i Outstanding Civil Engineering Achievement (OCEA) Awards, which honors the best and the brightest achievements within the local civil engineering industry. Various awards will be given to those projects that demonstrate innovative and outstanding civil engineering accomplishments by Hawai'i's design and construction professionals.

award categories

Nominated projects and research/studies will be considered for eleven award categories. A select panel of judges will determine the applicable award category for each nomination. Awards may be given in all categories if a sufficient number of worthy nominations are received. Only one project will be selected as the overall winner, and recognized as the 2018 Hawai'i Outstanding Civil Engineering Achievement Award Winner.

eligibility and judging criteria

To be eligible, projects must have been designed or constructed in Hawai'i and completed within the last two years. The judging panel will award projects and research that demonstrate important and outstanding civil engineering accomplishments. Some of the key judging criteria include:

- Resourcefulness in identifying and solving design challenges
- Contributions to the well-being of people and communities
- Pioneering use of materials and construction methods
- Innovative or new application of civil engineering technologies
- Protection of and reducing impacts to natural resources
- Beneficial effects of the project, including aesthetic value

The 2018 Grand Winner may be nominated by the Hawaii Section for Region 8 Project of the Year if the project was completed in the 2018 calendar year. Projects completed outside of the 2018 calendar year are not eligible for Region 8 Project of the Year.

nominations due friday august 10th

One (1) electronic copy of the nomination package consisting of the enclosed Official Nomination Form and supporting materials must be submitted by **Friday, August 10th, 2018**. Refer to the nomination form for format and preparation guidelines for supporting materials. **Only Electronic submissions will be accepted.**

Submit Nominations to: **ASCE Hawai'i Section Awards Committee**
Benjamin Rasa, P.E.
email: brasa@ascehawaii.org

If files are too large to email please contact Benjamin Rasa via email above to coordinate delivery before the August 10, 2018 deadline.

An electronic version of the Nomination Form can be downloaded from the ASCE Hawai'i Section website at www.ascehawaii.org.

For any questions or concerns, contact ASCE Hawai'i Section Awards Committee Chair Benjamin Rasa at brasa@ascehawaii.org or (808) 218-6042.

awards banquet

The ASCE Hawai'i Section is pleased to announce that project teams will be honored and awards presented at the ASCE Hawai'i Section OCEA Awards Banquet, which will be held at the:

4997 Kahala Avenue
Honolulu, HI 96816
Thursday, September 13, 2018

Additional duplicate awards for project team members may be ordered from ASCE Hawaii.

Award-winning teams will be asked to deliver a presentation, and although not required for the judging phase of this program, all award-winning teams will be asked to display 36" x 36" poster boards showcasing their project at the awards banquet. Poster boards will be returned to respective teams upon conclusion of the banquet.

More information about the awards banquet and how to register will be available in August.

We look forward to seeing you then!
