### President's Message

Dear Branch Members,

Have you ever broken or fractured a bone? This happened to me a couple of weeks ago - my right wrist/forearm area, which is in a removal brace. It seems to be healing. But, there are some things I won't take for granted again, like brushing my hair or opening a jar of pasta sauce or twisting open a bottle of Calistoga water! Otherwise, the October 3 General Meeting program of Koto music was awesome, the details and photo of same can be seen in this newsletter. There are a few events, certainly among Branch favorites, that are scheduled for this month and next. And, our next General Meeting won't be until January 5. Over the past few months, our Branch has gained three new members - piano, violin and viola. As usual, the Branch website and e mails regarding Branch information, keep all well informed.

Die Zeit Gallopiert or time races by, as this is the month for Thanksgiving. May I wish all of you and your families a Happy and Relaxing Thanksgiving holiday. Let's hope that people of all nations are able to come together in peace, harmony and respect.

Best wishes

Leonne Lewis

### **In Loving Memory of Peachy**

Christine Ho's dog, Peachy, was her very first family dog that was adopted as a puppy on July 23, 1997, at two months of age. She is a cockerspaniel mix, and a very friendly dog who loved to greet all of her Students and their families that came in for their violin and piano lessons at her home. Peachy also had a unique talent of posing for pictures, which made for many wonderful family memories.

Tragically Peachy was diagnosed and treated for terminal stomach and liver diseases during the last two months of her life this August and September. Christine and her family had to make the very difficult decision to put her to sleep on October 1, 2012. She will always be loved and is dearly missed.

### **October 3 General Meeting program of Koto music**

The founder of Koto Music Conservatory, Yoko Awaya and her colleague Neely Ishii, came to perform and presented a demonstration on the traditional Japanese instrument Koto. (a 13-stringed Japanese harp which is designed from body shape of a dragon.)

They brought three different sized Koto and explained traditional Japanese music notation and showed us an original manuscript from the early 1900s.

They played Rokudan (six-step variation) by Yatsunashi Kengyo (1614-1685), Japanese Folk Songs, and Theme and Variation on Love Story. They also entertained us with a video of her recent performance of Mozart Eine Kleine Nachtmusic.

Thank you.

## **Newsletter Editor Instructions**

1. Click onto firefox 2.0 browser on your computer, or download the newest version from [www.firefox.com](http://www.firefox.com), and create a new page by going under the pulldown menu "file" and clicking on "new window."

2. Go to [www.classicaledge.com](http://www.classicaledge.com) and log on and click on to the following: Log into your account. Click on "mtac-lb," then "account" then "website," "edit pages" and "newsletter" tab above. Click on the Create\* button below the tabs. Change the newsletter Name to the next month's name, such as "July Newsletter." Don't worry about the email and PDF options yet, and do NOT click "Publish Now." Once you publish a newsletter, it's difficult to alter it and resend it.

Go to the "Past Issues" on the top right of the screen and "cut and paste" the top information from last month's newsletter, changing only the necessary information such as date and newsletter editor info. Be sure to save your work constantly, by clicking on the little icon that looks like a floppy disk on the top line, about 4 icons over from the left, in the menu. If you do not see this menu, located under the Newsletter Name area, then click on the little down-arrow and it should reveal the icon menu.

You can click on the various icons to figure out each one.

I recommend that you do a "tester" newsletter to get familiar with how this program functions.

Some tips with formatting:

You can move your browser slowly over each icon and the title of each icon should appear.

The little line divider that I use between sections of the newsletter is located next to the smiley face on the right side of the icon menu.

One of the most difficult things about formatting the newsletter is that each

paragraph must be moved by the up/down arrow on the right side, and you may not be able to see the entire paragraph at once because of the small screen. You will have to move the slider on the right to view the other parts that you cannot see. You may be able to open up this space with the little icon that looks like a computer screen (maximize the editor size.)

Importing photos: Click on the little square that has a mountain and sun on it, the middle-right of the icons (insert/edit image.) (Click on edit size if you wish to edit the photo size.) Click on the red "upload" button, wait a second, and then click on "ok." The photo should now appear in your newsletter. You can center the photo by clicking on the paragraph formatting icons.

Be sure to save your work frequently by clicking on the disk icon!

When you are ready to send out the newsletter:

Click "Create." Make sure you are using the correct Newsletter Name. Select "Email only Teachers" under Email Options. For PDF Options click "Include PDF on Website and Send Link on email."

3. I was able to type in the white box to set up a new tester page that says "Tester Newsletter for MTACLB by Noreen." I didn't publish it, so you can see it when you log in and go to edit the newsletter, but not from the [www.mtaclb.com](http://www.mtaclb.com) website. You may want to set up a tester newsletter to try it out before publishing.

4. I cut and pasted the top part of the April newsletter and clicked on the photo of the little disk immediately to save it. I did find that if I tried to cut and paste too large of a section, or a section with too large of font for that paragraph, I did receive a note that I exceeded the amount of space permitted for that paragraph, and my information DID NOT save. I went back and tried to cut and paste a smaller section, saving the section immediately, and it DID work.

5. After about 8-10 minutes, I did receive a pop-up alert asking if I wanted to extend the session. I clicked "okay", and it didn't kick me off. The pop up did not come up again for a long time.
