### Donnybrook & district fishing club

May 6 at 1:20pm ·

It was our first 6am trip for the year and I for one was glad of the sleep in. Very nice out on the water early on and then the wind kicked in later on, much to everyone's annoyance and then trying to find the right fish spot to get out of the wind was the tricky part. Not a very successful fishing day for the 2 of us in the boat so here's hoping at the end of this month will bring in some lovely fish. There was some excellent quality of fish brought in by other fishing club members who just happen to be where the fish were on that particular day. Looking forward to next trip and another 6am start xxx.

Winners May Trip  
Nice Catch  
Congratulations
