In spite of the dismal forecast 78 pilots checked in for the event. Anticipating fowl weather we opened the flight line early on Wednesday. Then .. (pause for dramatic effect) the clouds parted as if Moses himself had raised his staff at the Red Sea. With the exception of Friday the weather spared us. We are now among the true believers

Pilots in attendance logged over 30 hours of flying.

"ASOG (Air Supremacy Over Goshen) weekend complete! Great weekend even with unpredictable weather forecast."

Brian O'Meara—Broomfield, CO

"What a fantastic event that Charles Frank Hamilton and RJ Monroe put on each year. Laid back. Lots of great models flying off a 300x2000 ft. grass runway."

"Super Duper weekend at Warbirds and Classics the last four days in Goshen Indiana. About 75 pilots at one of the finest RC fields in the country. The runway is putting green grass, 300 feet wide and 2000 feet long. Six well organized flight lines allowed me to fly six times a day. Never more than one plane in line. RJ Monroe and Chuck Hamilton run a professional, yet laid back event in the heartland of the country."

John Hudak—Columbus, IN

"Thank you for a wonderful event! Very well done."

Chris Mayer—Owatonna, MIN

"It was a great event guys! Great job as always!"

Dave Chew—Spiceland, IN

"Thanks guys for a great event and a great flying site!~

Tina Patton—Somerset, KY

I just wanted to say a personal thank you, since I didn't get the chance this weekend! Thank you for all the hard work! It is the most disciplined and the most fun event that we attend! The perfect combination! Keep up the great work!
