**ARTICLE IV:**

**A. Sidepot info**

1. Open Barrels Class
  - a. Open to any age - Male or Female
  - b. Class is in 4D format – Calculated as 1D – fastest time; 2D time - .5 sec from 1D fastest time; 3D - 1 second split off 1D fastest time; 4D - 2 seconds from 1D fastest time
  - c. Points are on the rider only.
  - d. If two horses are ridden, by the same rider, qualify in the same division, the fastest time will be the one that earns the points. For example, Laura Lou runs 2 horses called “Can’t get it Together” and “Wa-La”. “Can’t Get it Together” got it together that night and ran a 15.000 and “Wa-La” ran a 15.003 which qualified both horses in the 1D. “Can’t get it Together” will receive points “Wa-La” will not receive points.
  - e. No time will be given for a barrel knocked down or a broken pattern.

F. Entry Fee - \$30 - \$5 goes toward added money - payout is 75% of the \$25 balance + the added

F. WAE office Point system: points will carry over to the WAE, in the division you qualified in at the particular show competed in.

Point system

#### **Article VI:**

##### **Hosts Responsibilities**

A. Take entries and money. Host can also take memberships. Host gets \$3 per entry and \$5 per membership

B. Host has two options:

1. Host can do results at the end of the show, can use your own payout method sheet with percentages and how many paid so you are not bothered with having to set up another payout spreadsheet with my information (hope that makes sense). Just please use the \$5 coming off the entry fee toward added money. This leaves \$25 of the EF and 75% of that goes toward payout. \$3 (per entry) from the 25% goes to host, rest comes to the FEA office (\$3.25 per entry). So, for example: If 25 entries:  $\$5 \times 25 = \$125$  added. All added goes toward payout. (this is unless I have a specified added amount). 75% of the \$25 is 18.75. So,  $25 - 18.75 = \$6.25$ . Out of the \$6.25, \$3 goes to the host, \$3.25 comes back to FEA office. Therefore, if have 25 entries, the host has made an Extra \$75. Please feel free to ask if need clarification on anything.

2. If do payout at show, please have winners count the money and sign the payout sheet before leaving office that he/she has received it in hand. If someone is picking up their money, the person picking up will sign. Please be sure it is legible.

## Article VI: continued

B. Host/Show Producer can take memberships. Memberships are \$55 and \$5, per membership, goes to the Show host.

C. If FEA office does the results and winnings:

1. Please send results and monies to FEA office, no later than Wednesday of the week after the show (preferably Monday or Tuesday), so I can have payouts done by the end of that week, after the show..
2. Money can be sent via paypal, (paypal preferably) cash app, or check to me.
3. FEA Payout percentages and guidelines will be used as stated in Article VII

E. Host will receive \$3 per entry for the sidepot. \$5 per membership

F. Forms will be available to the host on the Florida Equine Athlete website for the World Athlete Entrepreneur link.

## Article VII - If FEA does payout or at the FEABRA shows or FEA jackpots.

### .FEA PAYOUT &FEA GUIDELINES

1. Entry fee is \$30 - \$5 of that goes toward added and Payback is based on 75% of \$25
2. The percentage for each division is as follows: 1D = 35% 2D = 30% 3D = 20% 4D = 15%
3. Percentage payouts in each class will depend on the number of entries:

1-20 - 100% for 1<sup>st</sup> place in each division

21-40 entries = 2 places paid in each division - % is 60/40

41-60 entries = 3 places paid in each division = % is 50/30/20

61-80 entries = 4 places paid in each division = % is 40/30/20/10

81-100 entries = 5 places paid in each division = % is 30/25/20/15/10

101 -+ entries = 6 places paid in each division = % is 28/22/18/14/10/8

3. If there are no “winners” in a specific division, the money in that division will be split between the others. For example, scenario, there are 1D winners, no qualifiers in 2D, and winners in 3D & 4D. Here is the result: 2D money is equally split between 1D, 3D, and 4D and then dispursed equally between winners in within each of those three divisions.

4. If a specific division has a spot that did not have a winner, the money is split equally between the other winners in that specific division. For example, each division has 4 payout winners. But, one division (say 3D) did not have a 4th place winner. The money that would go to 4th place will be equally divided amongst 1st - 3rd in the 3D division.
