We appreciate you taking the time to visit the Media section of our website, where you can read our **Press** announcements, find the **Trade Show / Event** we will be at next, peruse our customer **Testimonials**, and check out the many **Awards** we have won since 1989.

MTN Nigeria - Ericsson

0

APEX Adds Value to Ericsson's VPN at Africa's Largest MNO

- End-User** MTN Nigeria with over 55 million subscribers.
- Opportunity** Add VAS to Ericsson VPN – IVR-based Auto Attendant.
- Prime Vendor** Ericsson Nigeria
- Ericsson Partner** APEX Communications
- APEX Solution** APEX CloudCast Enterprises Services Suite (ACCESS)
- APEX Platform** OmniVox3D® Telecom Application Server / APEX SDP

When Ericsson was awarded the MTN bid, APEX was brought in by Ericsson to integrate its ACCESS solution and complete the **Hosted PBX** project built on the Ericsson VPN. **ACCESS** is a suite of cloud-based services, including Policy & Destination Control, ACD, Outbound Telemarketing, Voice/Video Mail, Store Locator, and Video/Audio Conferencing, which enables Ericsson to offer MNOs around the world various monetization opportunities by capturing new and emerging Enterprise opportunities.
