## President's Message

Squadron

January/February continues to be a deadly month for our members and this year we lost long time member, judge and all around good airplane guy Stan Sweiker. It seems like only yesterday we lost Joe Fichera immediately following our Holiday meeting.

I hope to see as many of you as possible this Saturday at Massey for our spring planning meeting. It will be a good chance to become familiar with the layout of our new Fly-in venue and an opportunity to figure out how we will lay things out and direct traffic. Set up at Massey will be a snap compared with Horn Pt. as there will not be the need for stakes & string as in the past. Extra attention will be required with aircraft parking initially, but overall everything else should be easier.

One issue that will need to be addressed is the incapacitation of our Head Judge, Pete D'Anna. Pete fell and broke his ankle, so he will not be available to physically supervise the judging this year. All the standards, letters, judging sheets and collateral documents are compiled on a CD, so updating them for 2016 should be simply a matter of changing dates and some verbiage. We need someone to step up to the plate and take on this crucial responsibility. With Pete's consultation and prior organization, the job should be manageable. Please think about volunteering for this position.

Please consider flying to the meeting as it is at an airport. I will bring sodas and pizza so that we will not starve to death.

I look forward to seeing everyone Saturday, Art

## Holiday Party

Unfortunately, the minutes to the January meeting got lost in the iClouds and after an extensive search are still missing. The short of it is, plans were finalized to move the fly-in to Massey Aerodrome, and there was much discussion regarding the logistics concerning what should be saved and what can be discarded from the fly-in supplies currently stored on site at the Horn Point property. The spring planning meeting was set for Saturday April 16<sup>th</sup>.

Following the brief meeting, we had our annual holiday party. As usual, a good time was had, almost entirely due to the great company.

**Obituaries:**

Sadly, we have to announce the passing of two PAAS members, Stan Sweikar, and Bob Haas. Bob, I believe, was before my time with the club, but I am told he kept his membership in the club active, even though he moved to Florida.

A friend from outside the club, upon hearing of Stan's passing, was shocked and could only comment on how happy and active and full of plans Stan had been when they spoke only the day before. Somehow, it seemed to me like one of the best things you could say about a fellow, and I silently hoped that I would be able to "live until I die" like Stan.  
—ed.

**Stan Sweikar**

Stanley John Sweikar, Jr., 76 of Dameron, MD, died suddenly of heart failure on February 5, 2016 at his home with Sandy, his wife, at his side.

He was born on August 14, 1939 in Sheboygan, WI, to Hildegard Hilgenberg Sweiker of Manitowac, WI and the late Stanley John Sweikar, Sr.

Stan is a graduate of St. Louis University, Parks College with a BS in Aeronautical Engineering, after which, he entered the United States Navy and served aboard the USS Enterprise until his honorable discharge in 1965. After leaving the Navy, he worked in NYC for Flight Safety Foundation. He then joined Piedmont Airlines in Winston-Salem, NC. In 1968 he moved to Patuxent River, MD working for DOD in Flight Test Engineering for 44 years. While at DOD, he received an MBA at the Naval Postgraduate School in Monterey, CA in 1979. After retirement he was employed by CSC as the Director of Rapid Engineering Prototyping for six years. He was a volunteer pilot with the Coast Guard doing Search and Rescue missions for many years. He was an Adjunct Instructor at Embry Aeronautical University at the Patuxent River campus for a decade.

On September 20, 1975, he married the love of his life, Sandra D. Sweikar at Trinity Episcopal Church. They celebrated their 40th anniversary last year. Stan developed a love of flying when he was a young man. He spent his entire career dedicated to flight. He held Private, Instrument, CFI, and Seaplane ratings. He was also a licensed Airframe and Power Plant mechanic. He purchased "Big Red," a Cessna 195 in 1968. He and Sandy "flew the paint off of it" and finished a complete restoration in 2006. He was the owner of Wingfield Airport, and President and CEO of Chesapeake Seaplanes at his seaplane base. They flew the 195 throughout the US, Canada, and the Bahamas. He and Sandy also enjoyed their sailboat on the Chesapeake Bay for 15 years.

His memberships include the International Cessna 195 Club, QB's, Society of Aeronautical Engineers, Antique Aircraft Association (lifetime member), Seaplane Pilots Association, the Virginia-Carolina Vintage Airplane Association, and the Potomac Antique Aero Squadron. He was also an active member of St. Mary's Parish.

In addition to his mother and wife, Stan is also survived by his daughter, Sara Sweikar Yolac, her husband, Mehmet, and their expected son. Also his cousins, Bob Sweikar (Linda) and John Sweikar (Gayle). He is preceded in death by his father.

Family will receive friends to honor Stan on Thursday, February 11, 2016 from 10:00 to 11:00 a. m., with a Funeral Service celebrated by Reverend John Ball at 11:00 a.m., at Trinity Episcopal Church, 47477Trinity Church Road, St. Mary's City, MD 20686. Interment will follow in the church cemetery.

In lieu of flowers memorial contributions in Stan's name may be made to the Scholarship Fund of the International Cessna 190/195 Foundation, Inc., c/o Barb Johnson, 5920 Eminence Pike, Shelbyville, KY 40065 or online at [www.cessna195.org/Foundation/donations.cfm](http://www.cessna195.org/Foundation/donations.cfm)

### **Robert Haas**

Robert James Haas passed away on February 19, 2016. Bob led a rich life filled with experiences and skills gained from his fascination with knowledge and new challenges.

Bob lived at Buckingham Air Park in a home designed with his wife Dot. His passion for aviation kept him flying and developing his vintage and light sport aircraft. As an active member of the EAA and the Warbirds of America he also served with the Potomac Antique Aero Squadron while in Maryland. He remained involved in the sport of aviation for most of his life.

He was the successful owner of Checkpoint Foreign Car Service in Maryland for almost 30 years and in the process mentored many mechanics into successful careers. This business was created when "foreign cars" were unique and unusual. Competing in races with the SCCA and as an active team leader with Continental Motors his experience bridged the formative years of modern sports car racing in the United States.

Bob graduated from Eastern High School in Washington, D.C. and served with the United States Air Force. In addition to being an accomplished pilot, driver, mechanic and business owner Bob was a musician, an avid reader and historian.

Robert Haas will be sorely missed as a father, a friend, and a leader. His sense of humor and love for life will live on in the stories and memories. He is survived by two sons Greg and Mark, and four grandchildren David and Molly, Jeanni and Kevin.

Contributions would be appreciated to The EAA Warbirds of America, or the Commemorative Air Force.

**Overnight Accommodations Available At:**

Quality Suites  
 160 Scheeler Road  
 Chestertown, MD 21620  
 410-810-0555  
 Block of rooms available  
 until May 10<sup>th</sup> under  
 Potomac Antique  
 Aero Squadron

**FLY-IN PROCEDURES**

1. Landing aircraft will use a standard left-hand pattern, 1,000' MSL. Use appropriate runway based on wind directions. CTAF – 122.9.
2. No touch and-go-landings.
3. Pilots **MUST** secure wing walkers before taxiing into or out of aircraft parking area.
4. Absolutely no Fly-Bys across 02-20, or over the crowd or parking areas.
5. No aerobatics within a 5 mile radius of the field or near the town of Massey.

**Road Directions from the South:**

Route 301 north pass the route 50 exit. Continue on route 301 north. Turn right onto route 313, Galena Road. Galena Road turns into Maryland Line Road, route 330. Continue on Maryland Line road through the town of Massey. Airfield will be on your right.

**ANTIQUE  
 FLY-IN**  
 Massey Airpark  
 Massey, Maryland
