The number of accompanying educators has been established in compliance with and is in accordance with the National Quality Framework. Creative Kids has established a general excursion ratio of 1 educator to every 8 school aged children and for water-based excursions: 1 educator to every 4 children aged 8 years and under and 1 educator to every 6 children aged 13 years and under. The buses take the most direct route taking into consideration traffic hazards and obstructions. Transportation used on excursions are the Creative Kids buses which are both equipped with seat belts and are worn at all times. We also use the rental buses (when required) fitted with seatbelts. Departure from the centre is at approximately 9am and returns at approximately 3pm unless otherwise specified on the program. Duration of bus trips is located on the program. Risk assessments are available at Creative Kids
