

## SPELEO CAVE INFORMATION

PLEASE READ CAREFULLY BEFORE ENTERING.

The Speleo Cave attraction is a wood box that contains over 100 feet of crawling cave passages that wind up, down, and around for a fun spelunking adventure fit for kids and adults.

As a point of reference, the name Speleo was derived from *Speleology*, which is the scientific study of caves. Speleologists had to learn how to contort their body in order to traverse difficult caves. The Speleo Cave simulates this experience and happens to be a ton of fun for kids and adults.

The Speleo Cave is 5 winding levels high and 3 chambers wide with roughly 100+linear feet of bending, turning & twisting crawl maze. Patrons enter the Cave and navigate through the tunnel with genuine excitement, which takes an average of 2 to 6+ minutes to traverse. Patrons learn to contort their body in order to traverse the challenging path enhancing problem solving abilities and stimulating the mind.
