CHAIR'S CORNER

by David McGan

It's always an enjoyable evening when we have our annual joint meeting with the local Purchasing organization, APICS. Kimball's Paul Dowler gave a very interesting talk about Supplier Development, which fit very well with the series of topics over the last several months.

Coming up in March, we'll hear from Brandon Huff, Quality Leader at Kimberly-Clark, who will speak on "Quality at the Source". This is a Lean concept used at Kimberly-Clark to prevent defects from making it into the production process. While some might view it as Incoming inspection, Lean identifies it as a Vertical Source Inspection. It's sure to result in some good ideas for each of us to carry back to our job activities.

We'll also have the second in our series of 5-minute Best Practices "short presentation", this time by Tom Watson. Tom plans to explain how Kimball Electronics documented their Lean Six Sigma Program in Kimball's QMS.

As you can see, a wealth of great information is scheduled. So plan to join us at Colby's in Owensboro, KY for a great meal and another value-added evening. As always, feel free to invite any of your co-workers, especially those who might be involved in your company's inspection activity. And remember, non-ASQ members, including spouses or other guests, are always welcomed to attend our meetings.

Reservations should be made by noon on Friday, March 4th, by emailing tom.watson@kimballelectronics.com. We'll be looking forward to seeing you there.
