METAL ACCESSORIES

Kirsch's new Decorative Metal Accessories can transform the everyday into an expression that is unique and personal. Inspired by neo-classical and American influences, the collection's various components — Medallions and Knobs, Holdback Extensions, End Caps and Swivels Sockets — can function alone or in pleasant harmony with other Kirsch collections like Estate Ultra™ and Studio Coordinates®. Six designs, five finishes, unlimited possibilities.

Color photography in print may vary slightly from actual finished product. Please confirm your color selection with the Kirsch Swatch Card or Kirsch Display Board.
