A Note from Rick: We are on a roll here in 2017. It is the 3rd week in a row that we have had a very active market. Butcher cows were steady. Butcher steers were higher, especially Holstein steers as they continue to rebound from the late December crash. Our feeder run was very light again, but I'll use the excuse that it is the middle of winter and there is still a lot of uncertainty in the market. As the numbers and quality continue to improve week after week, it makes it easier to have a good sale all the way around. My goal is to establish to the buyers a reputation for having good livestock and plenty of them week after week. We are headed in that direction, but I still get a little nervous on Tuesday mornings when the cattle don't come in until after lunch. I haven't figured out yet whether this crappy weather is good or bad for sale day, but it's nice to see all the people. We're gonna keep plugging away until we can fill the barns and the stands. We're going to need all of your help to do that! Hope to see you and all your livestock at TLA....
