## INDEPENDENT AUDITORS' REPORT

To the Board of Directors  
Farmworker Coordinating Council of Palm Beach County, Inc.  
Lake Worth, Florida

### Report on the Financial Statements

We have audited the accompanying statements of financial position of Farmworker Coordinating Council of Palm Beach County, Inc., ("FWCC") as of June 30, 2021 and 2020, and the related statements of activities and change in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## INDEPENDENT AUDITORS' REPORT (CONTINUED)

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of FWCC, as of June 30, 2021 and 2020, and the change in net assets and cash flows for the years then ended in conformity with generally accepted accounting principles in the United States of America.

### Other Reporting Required by *Government Auditing Standards*

The "Schedule of Government Financial Assistance and Expenditures" on page 15, is presented for purposes of additional analysis, and is not a required part of the basic financial statements. Such information is the responsibility of the Organization's management and is derived from and relates directly to the underlying accounting records and other related information used to prepare the financial statements. The information has been subjected to audit procedures applied in the audits of the financial statements as at and for the years ended June 30, 2021 and 2020, and certain additional procedures including comparing and reconciling this information with the underlying accounting records in accordance with standards generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued a report dated, November 21, 2021, on our consideration FWCC's internal control over financial reporting and on our tests of its compliance with laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Council's internal control over financial reporting or compliance.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2021 and 2020**

**NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

This summary of significant accounting policies of Farmworker Coordinating Council of Palm Beach County, Inc. (FWCC) is presented to assist in understanding FWCC's financial statements. The financial statements and notes are representations of FWCC's management, which is responsible for their integrity and objectivity. These accounting policies conform to generally accepted accounting principles and have been consistently applied to the preparation of the financial statements.

Organization

The Farmworker Coordinating Council of Palm Beach County, Inc., is a Florida nonprofit corporation organized in 1978. The mission of FWCC is to promote self-sufficiency and improve the quality of life of migrant and seasonal farm workers through education, advocacy and access to services. Some of the programs offered by FWCC include:

The Family Preservation & Economic Stabilization (FPES) program is designed to empower clients to move from crisis to stability through ongoing support, fostering client independence. The program provides a variety of services such as Case Management, Emergency Rental and Utility Assistance, Distribution of Food and Clothing, Transportation, Financial Education, Referrals and other services that promote self-sufficiency and economic stabilization. The program is based out of two offices located in Lake Worth and Belle Glade, and services are provided by Case Managers that are familiar to the culture and needs of this population. All Case Managers are English-Spanish or English-Creole speakers.

The organization also formed the program Community Health Access Teams (CHAT) to facilitate access to healthcare services among uninsured and under insured, low income farmworker families. Many of these families are unable to access affordable health services because of barriers such as language, culture, immigration status and economic condition. CHAT accomplishes its goals by conducting outreach activities, health workshops and helping clients apply for Medicaid, KidCare, Healthcare District and other healthcare programs in our community. Client advocacy and transportation to medical appointments are key components of this program.

The Education Program offers a variety of programs for farmworkers and their children. The afterschool mentoring, and tutoring program aims to mitigate low education achievement levels, reduce the drop-out rate and bridge the educational gap that exists between children of farmworkers and the rest of the student population. We also offer a pre-K program to get children ready for school. Our Art Program seeks to educate children through art and build self-esteem. The adult program offers a variety of classes (ESOL, Literacy, Basic computer, etc.) to help parents learn new skills that may help them find a better job or make better financial decisions that could lead to family economic stability.

Basis of Presentation

The accompanying financial statements include the assets, liabilities, net assets, revenues, and expenses as determined using the accrual basis of accounting. The financial statements of the Organization have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America. The financial statements are presented in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958 dated August 2016, and the provisions of the American Institute of Certified Public Accountants (AICPA) "Audit and Accounting Guide for Not-for-Profit Organizations" (the "Guide"). (ASC) 958-205 was effective January 1, 2018.

Net Assets Without Donor Restrictions - Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. The Organization's board may designate assets without restrictions for specific operational purposes from time to time.

**FARMWORKER COORDINATING COUNCIL OF PALM BEACH COUNTY, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2021 and 2020**

**NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING  
POLICIES (CONTINUED)**

Net Assets with Donor Restrictions - Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Fair Value of Financial Instruments

FASB ASC 825, "Financial Instruments", requires certain disclosures regarding the fair value of financial instruments. FWCC has a number of financial instruments, none of which are held for trading purposes. FWCC estimates that the fair values of all financial instruments as of June 30, 2021 and 2020, do not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying statements of financial position. The estimated fair value amounts have been determined by FWCC using available market information and appropriate valuation methodologies. Considerable judgment is required in interpreting market data to develop the estimates of fair value and, accordingly, the estimates are not necessarily indicative of the amounts that FWCC could realize in a current market exchange.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of public support and revenue, and expenses during the reporting period. Actual results could differ from those estimates.

Contributions and Support

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. FWCC receives its operating funds from various public support programs, Palm Beach County, the State of Florida as well as private donations from individuals, businesses, churches and other nonprofit Councils.

Grant Income

FWCC receives various grants from state, local and private agencies for its program and supporting services. These grants are generally on a cost reimbursement basis. Revenues from grants are deemed earned and recognized on the Statement of Activities when expenditures are made for the purposes specified.

Fund-Raising Activities

FWCC's financial statements are presented in accordance with Accounting Standard Codification 958 ("ASC") *Accounting for Costs of Activities of Non-For-Profit Councils and State and Local Government Entities that include Fund Raising* (formerly statement of position 98-2), the ASC established criteria for accounting and reporting for any activity that solicits contributions.

**FARMWORKER COORDINATING COUNCIL OF PALM BEACH COUNTY, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2021 and 2020**

**NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

Donations

Assets donated to FWCC are recorded at fair value if determinable, at the date of donation. FWCC reports gifts of property and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. FWCC also receives donations of furnishings, food and clothing for distribution to clients. If these donated items are of material value individually, they are recorded as a contribution when received.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers money market accounts and all highly liquid investments purchased with a maturity of three months or less (if any) to be cash equivalents. Money markets and certificate of deposits with maturity dates of more than three months are considered to be investments. Restricted cash balances are amounts reserved for designated programs, such as a scholarship fund, micro business loans and a building fund.

Investments

Investments consist of a managed portfolio of mutual funds and equity securities which are reported at their fair values on the statement of financial position. Certificate of deposits with original maturities less than three months are classified as "cash or cash equivalents". When their original maturities are greater than three months and remaining maturities less than one year they are classified as "short-term investments". When their remaining maturities are greater than one year they are classified as "long-term investments." Investment returns are presented on the statement of activities as net investment income and include dividends, interest income, realized and unrealized gains and losses on investments, net of investment fees. Investment income and gains restricted by a donor are reported as increases in unrestricted net assets if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

Property and equipment

Property and equipment purchases are recorded at cost. Expenditures for major additions and improvements are capitalized and minor replacements, maintenance, and repairs are charged to expense as incurred. Depreciation is computed using the straight-line method over the following estimated useful lives of the depreciable assets:

	<u>Years</u>
Building and improvements	15 - 40
Land improvements	15
Furniture, fixtures and equipment	5 - 7
Vehicles	5

Allocation of Functional Expenses

The costs of providing program services have been summarized on a functional basis in the accompanying financial statements. Accordingly, certain costs have been allocated among the program services, management, general and fundraising functions based on management's estimate of resources used. Expenses that apply to more than one functional category have been allocated among the programs and supporting services benefited.

**JUNE 30, 2021 and 2020**

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING  
POLICIES (CONT'D)

Advertising

FWCC's advertising is primarily non-direct, and such costs are expensed as incurred. There were no advertising costs incurred during the years ended June 30, 2021 and 2020. FWCC receives about 16% of its revenues from government support and the remaining from private and public donations through events and repeat donors.

Income taxes

FWCC is a not-for-profit organization exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code.

Subsequent Events

The Center for Disease Control and Prevention (CDC) confirmed on January 21, 2020, the first case of the 2019 Novel Coronavirus (COVID-19). The ongoing spread of COVID-19 has become a threat to the global economy, financial markets and public health. Pharmaceutical companies in collaboration with government regulators have developed and distributed vaccines with high efficacy rates, which have reduced the impact of the pandemic. Unfortunately, variants of the virus have developed, and the negative impacts of the pandemic have been prolonged, making recovery slow though steady. As a result of the pandemic the Organization had a significant increase in needs for social services and an increase in public and private support. The ultimate effects of COVID-19 on the Organization and its future operations cannot be fully determined. The financial statements do not include any adjustment that may result from these conditions.

NOTE 2 – INVESTMENTS AND FAIR VALUE MEASUREMENTS

Investments are measured and disclosed at fair value on a recurring basis by applying ASC 820, *Fair Value Measurements and Disclosures*, which defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between willing market participants at the measurement date. To increase consistency and comparability in fair value measurements and related disclosures, ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels, as follows:

Level 1 inputs – These are quoted prices (unadjusted) in active markets for identical assets or liabilities that FWCC has the ability to access at the measurement dates, such as stock quotes;

Level 2 inputs – These are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly in active markets, such as yield curves or other market data;

Level 3 inputs – These are unobservable inputs for the asset or liability, such as discounted cash flows.

The level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined by the lowest level input that is significant to the measurement in its entirety.

The fair value of certificates of deposits and other time deposits are estimated using a discounted cash flow calculation that applies interest rates currently being offered for deposits of similar remaining maturities to a schedule of aggregated expected maturities on such deposits. Therefore, their fair values are observable, and these investments are considered a level 2 input.

NOTE 3 – CONCENTRATION OF CREDIT RISK

FWCC maintains its cash in various banks considered to be high quality financial institutions, whereby interest and non-interest-bearing deposits are insured up to \$250,000 by the Federal Deposit Insurance Corporation ("FDIC"). As of June 30, 2021, and 2020 FWCC held no balances in excess of the federally insured limit.

FWCC maintains its investments at a high-quality brokerage firm, whereby holdings are insured up to \$500,000 by the Securities Investment Protection Corporation ("SIPC"). As of June 30, 2021, and 2020, FWCC held no balances in excess of the SIPC insured limit.

Property and Equipment, Net of Accumulated Depreciation	\$ 389,657	\$ 383,128

**NOTE 5 – MORTGAGE PAYABLE**

FWCC had a mortgage note payable with a local bank. The note was secured by the office building in Lake Worth, Florida, and UCC filings upon all furniture and equipment at this location. The note required monthly installments of principal and interest in the amount of \$2,562, at an interest rate of 4.20%, and was due at the revised maturity date of February 17, 2022. On October 20, 2020, the Organization paid off the mortgage balance in full and had all liens released from the title.

**NOTE 6 – NOTE PAYABLE**

On May 2, 2020, the Organization received loan proceeds in the amount of \$115,500 under the Paycheck Protection Program ("PPP"). The PPP was established as part of the Coronavirus Aid Relief and Economic Security Act ("CARES Act"). It provides loans to qualifying businesses up to 2.5 times of the average monthly payroll expense. The loans and accrued interest are forgivable after eight weeks as long as the borrower uses the loan proceeds for eligible purposes, including payroll, benefits, rent and utilities, and maintains its payroll levels. The loan was fully forgiven on May 13, 2021 by the Small Business Administration and recognized as governmental support revenue.

**NOTE 7 – LEASES**

Premises

FWCC leases an office space located in Belle Glade, Florida. The original lease was for three years that ran through August 2006. On June 1, 2018 the lease was renewed through March 31, 2023. The lease for the Belle Glade location required monthly base rent payments of \$1,124 plus additional charges and fees. On June 1, 2018 the lease was amended requiring monthly lease payments of \$1,200 from June 1, 2018 to May 31, 2023. Base rent includes rent and real estate taxes. Total rent expense for the years ended June 30, 2021 and 2020 for this arrangement was \$14,400 for both years.

FWCC also leases copiers with lease terms through June 2021. Rental expense associated with these leases for the years ended June 30, 2021, and 2020, amounted to \$9,687 and \$9,671, respectively.

Independent Auditor's Report on Internal Control over  
Financial Reporting and on Compliance and Other Matters  
Based on an Audit of Financial Statements Performed in  
Accordance with *Government Auditing Standards*

To the Board of Directors  
Farmworker Coordinating Council of Palm Beach County, Inc.  
West Palm Beach, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Farmworker Coordinating Council of Palm Beach County, Inc. (a nonprofit Council), which comprise the statements of financial position as of June 30, 2021 and 2020, and the related statements of activities and change in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated November 21, 2021.

### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Farmworker Coordinating Council of Palm Beach County, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Farmworker Coordinating Council of Palm Beach County, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Farmworker Coordinating Council of Palm Beach County, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Farmworker Coordinating Council of Palm Beach County, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of FWCC's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering FWCC's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
