^a Cannabis-related project applications are initially processed by TAAG’s Cannabis Project Review Committee (CPRC). The numbering in this table is for reference and convenience only. Order listing does not guarantee a meeting date; meeting dates provided are expected and planned, but also aspirational. Rank order may change in updates based on new information, including informational holds placed by County Planning Department.

^b The name of the project’s applicant is a link to the initial referral package sent to TAAG, which will provide the name of the project agent, if any, and the assigned Planning Department manager/s. “PD” = Planning Department.

^c PDM = Planning Department Manager.

^d This date is usually, but not always, the date shown on the Planning Department’s referral form to TAAG.

^e Largely taken from Planning Department’s description. “CUP” = conditional use permit; “MUP” = minor use permit.

^f “CPRC” refers to TAAG’s Cannabis Project Review Committee. There is usually a CPRC chair’s report (which are not minutes) issued a few days after the CPRC meeting, reporting the action of the CPRC on applications considered.
