

Custom Spa and Cosmetics

Specifications

Trade Name: Ulva/Aosa (Micronized)
INCI Name: Algae
Description: This fine powder is comprised of dried ground Aosa or “Sea Lettuce”, a green algae. This seaweed contains proteic and elastic fibers, similar in composition to that found in collagen and elastin. It is also rich in micronutrients. In cosmetic applications, Aosa has been found to contribute to improved elasticity and firming, making it ideal for use in repair and anti-aging products.

<i>Test</i>	<i>Specification</i>
Form	Fine Powder
Color	Light Green
Odor	Characteristic, algae
Density	0.4- 0.48
Density (compressed)	0.6-0.7
Dry Matter	>90%
Organic Matter	65-80%
