HS SUMMER LEAGUE 2020

With the unfortunate loss of the Girl's HS season in 2020, we've come up with a great, fun program for HS players to practice and play matches this summer! HS aged BOYS AND GIRLS will be able to represent their HS team at matches, wearing their team colors and playing with their teammates against other HS players! We're going to be flexible and FUN with the matches – allowing kids to gain the best experience possible in these circumstances!

Our "HS Summer League" will be an 8-week program. There will be practices once a week and then "duel matches" each week! Players will be encouraged to wear school colors at the matches. We will be trying to create a HS match atmosphere with cheering and standings for each represented team!
