

**Children's Day Celebration
Participant Form**

We would be honored and excited to have your organization participate in this event by having a learning center for the children to visit. We strongly encourage you to prepare some sort of activity where the children can actively partake in learning about a specific skill or cause for an area of interest that you promote. We would love for the children to experience a day of fun energetic activities and active learning with demonstrations or give-a-ways. Informative brochures or handouts are also encouraged for parents accompanying their children.
