

## “Rent a Shed” – Supported DIY Projects

- Do you have ambitions for that special carpentry project?
- Are you lacking access to the necessary tools or space at home?
- Are you looking for specialist tuition and support to achieve your ambitions?
- If so then our Friday morning “Rent a Shed” programme could be for you.

Specifically designed for those with ambitions to build that special garden bench or other carpentry project our programme will support you every step of the way.

Our “Rent a Shed” programme takes place at our purpose built training base in Royston, Hertfordshire and includes expert tuition, 1:1 advice and supported project work.

Delegates on BuildTrain courses are uniquely placed to take advantage of all the hidden tips of the trade, personal experiences and advice that our trainers can offer from their years in the trade. All you supply is the idea, ambition and raw material to make your project a reality.

Often a home carpentry project is out of reach because of a lack of tools or knowledge in how to use them effectively and safely. All courses include access to the necessary tools and tuition in how to use them safely. You will however need to provide your own raw materials, or these can be purchased from your tutor at the start of the programme.

**Safety footwear is a legal requirement for attending any BuildTrain session. We do have some for sale onsite or can provide advice by email on suitable footwear. Please email [buildtrain@btinternet.com](mailto:buildtrain@btinternet.com) for advice.**

By booking into our “Rent a Shed” Programme you will have access to the following specialist tools to complete your project to a professional standard:

Hand Tools	Hand Machine Tools
Dimension Saws	Morticers

**Course Cost** £10 per hour with a minimum session length of 3 hours.

This includes access to tools and tuition in how to use them safely.

**How to Apply** For more information about term dates and to book into the “Rent a Shed” programme please contact us by phone or email [buildtrain@btinternet.com](mailto:buildtrain@btinternet.com).

Full pre-payment of course fees is required to enrol you into the programme.

Non-attendance will not result in a refund being offered.
