

UNNA BAKERY

Award-Winning, Traditional Swedish Cookies!

ABOUT US

My sweet grandmother Rut perfected her traditional style Swedish cookies with the finest quality ingredients, and her love of baking is our inspiration.

With these treasured recipes, Unna Bakery takes pride in creating distinctive cookies filled with real butter and All-Natural, NON-GMO ingredients.

Growing up in Ostersund, northwestern Sweden, we all enjoyed these homemade cookies with a cup of coffee or tea during our daily "fika" (short break).

We're happy to share them with you and hope that you delight in the flavors and traditions of our homeland as much as we Swedes have for generations.
