

Educational Talent Search - LaGrange
Academic Excellence Tutoring Program
2019-2020 AFTER SCHOOL TUTORING
Beginning September 9th

Students in the Educational Talent Search Program are eligible to receive free tutoring services by a licensed teacher, professional tutor and/or a peer tutor. If your child is borderline passing, or failing a class, then he/she could benefit from tutoring.

The primary focus of the tutoring is to help students maintain academic skills at their grade level by reinforcing the lessons taught by their classroom teacher. Depending on need and available resources, the Educational Talent Search program will arrange for your child to receive either small group, one-on-one, or online tutoring.

Please note that the tutoring program is contingent on student and parent commitments. Lack of participation or constant late pick-ups will result in the discontinuation of some aspects of the tutoring program.

Educational Talent Search will not provide transportation therefore students will have to be picked-up. The tutoring schedule and location(s) will be provided upon acceptance into the program. Please review the entire tutoring application before submitting it.

If you are interested in after school tutoring for your child but you are unable to arrange for after school pick-up, please let us know by calling the Educational Talent Search program. This information will help with future planning.
