

### **13,500 Farm**

- 1) Competitors must read and follow Tractor General rules.
- 2) Wheelie bars, deadman throttle, helmet and fire jacket required. (25) See tractor general rules for specifications.
- 3) 10MPH
- 4) 3000 RPM limit. RPM pickup required. (22)
- 5) Water injection not allowed.
- 6) Must have stock core fuel injection pump.
- 7) Top cut tires only. 20.8x42 max tire size.
- 8) Air shutoff mandatory. (23)
- 9) When scoring points, all speed DQ's will receive last place points. (i.e. 10 pullers and 3 are DQ'd, the 3 DQ's will receive 10th place points.) Only exception are non-speed DQ's. Non-speed DQ's will finish behind a speed DQ. (23)
- 10) Sheet metal must match factory transmission. Changing sheet metal and/or decals to gain pump size is not allowed.(24)
