

Washington Avenue Improvement (WACI) Committee

Mission

The Washington Avenue Improvement (WACI) Committee will focus on furthering the recommendations provided in the Houston/Galveston Area Council's (HGAC) Livable Centers Study (LCS) which was conducted for the Washington Avenue corridor. Our focus for phase 1 is:

1. Working with the development community to improve conditions along Washington Avenue utilizing the design parameters of a "Complete Street" as a template.
2. Investigating the options for defining an entity which will pay for the improvements.
3. Enhancing the public image of the area.
4. Foster a sense of cooperation between residents and businesses.
