

2019 Season Sponsorship Opportunities

Our History

Preserving the roots of every sport is crucial to understand the past and appreciate what we have nowadays. Motocross has taken an unbelievable advancement in technology which has paved the road for what bikes and riders can do today. The riders and mechanics in the 60s, 70s and 80s had to face huge challenges and took big risks to develop what we take for granted today. Preserving the history of our sport and teaching our youth where we came from is essential for the future of motocross. Giving older riders the opportunity to relive their past and share their experience, memories and bikes with modern bike riders is priceless. Midwest Vintage Motocross has been created to meet this goal for all riders and their families in the Motocross World.

Our Mission & Vision

Our Mission: To preserve the history of motocross by giving everybody the opportunity to relive their past while introducing young riders to the roots of our sport.

Our Vision: Continuing to build a race series that honors the people, their families and all manufacturers that support this great sport. Our goal is to remember the past while building up the future through our youth.

Sponsorship Opportunities

We have dedicated ourselves to creating an environment that allows kids, young adults and grown ups to discover their potential in action sports.

Our race series and our events draw hundreds of kids, grown ups, families and adrenaline junkies per day from all over the Midwest. Without our sponsors, we could not put on such memorable events for our community; which is why we would like to give you the opportunity to partner with our growing race series.

Not only do we promote our sponsors at every rider's meeting, but also throughout the year with banners at the races, on our website and social media platforms and at special events that we host.

Why should you support us?

The importance of sport and an active lifestyle is tremendously growing in our society. Our events bring young and old together, not only for the sport but as a family adventure. We feel responsible for our kids and our community. Be a part of this movement and help us keeping the young and old active!
