

Practice Rides and Lease Rides DO's AND DON'Ts

DO:

- Sign up for your ride at least 48hrs in advance on the board in the front barn.
- Wear proper clothing (long pants, boots, and a helmet are mandatory).
- Talk to your instructor about what to work on during your rides. Find out what your "homework" should be for the coming week!
- Clean the tack after your ride and neatly return all items to their proper locations.
- Return the horse to the stall only after it has been properly cooled down and groomed appropriately.
- For riders younger than 10, ensure that either your trainer or a Big Sister will be present during your ride. (Additional \$10 fee per ride applies for the Big Sister program).

DON'T:

- Reserve the horse during his regularly scheduled lessons.
- Jump the horse. Horses may only be jumped during lessons.
- Ride more than 45 minutes.
- Allow friends who come along to watch to enter the arena while others are riding or ever ride the leased horse.
- Ride alone or before or after barn hours (9am-8pm).

Thank you for helping us keep you and our horses safe!!
