Overdue Birth Complications Healed

A friend asked me if I would pray for his wife as he was extremely worried about her condition. She was expecting their child, and it was feared that the baby would not make it since there did not appear to be any sign of him being alive. Further, there had been medical opinions that the delivery would present

grave complications for the mother as well. With that, I asked for the wife's permission to receive Christian Science prayerful treatment, and she was grateful for the spiritual support.

Remembering that God is All and defines all that is made according to His perfection and law, I was reminded of a powerful verse from the Bible, "Shall I bring to the birth, and not cause to bring forth? saith the Lord: shall I cause to bring forth, and shut the womb?" (Isa. 66:9) I began my prayer with a great truth learnt in Christian Science that man is purely spiritual and is made in the image and likeness of God, who is Life itself.

My prayer continued on to overturn the material beliefs about the case with spiritual facts. There had been medical opinions that her overdue pregnancy would cause harm to both mother and baby. But in the Christian Science textbook, *Science and Health with Key to the Scriptures* by Mary Baker Eddy, "time" is defined as "Mortal measurements; limits, in which are summed up all human acts, thoughts, beliefs, opinions, knowledge; matter; error;..." (595:17-19) So in reality, no such mortal limits, errors or opinions about time could ever overrule the eternal spiritual truth that God governs every aspect of their existence in perfect harmony. As divine reflections of that immortal Life, the baby and his mother had always been protected by God's laws of health and well-being. I finished my prayer with the assurance that because God, Life, is All-in-all, mother and child could feel only the vitality, confidence and comfort of His harmonious government at every moment.

Two days later the news came that a healthy baby was born and that his mother too, was in perfect health. Glory to God!

Healing of Chronic Illness

When a neighbour asked me to pray for him, I could clearly see that he was terribly afraid of death. I learnt that he had been suffering for months with a chronic illness and he never got any relief from other systems. But a friend had recently told him of how his father had gotten a healing through Christian Science. Knowing that I was a Christian Scientist, this neighbour asked me for help.

To remove his fear, I silently assured him in prayer that he was well and knew it was true, for his true identity was "hid with Christ in God" (Col. 3:3), in the divine reality of perfect God and perfect man, where death doesn't have power. I took to heart Mrs. Eddy's counsel, "Blot out the images of mortal thought and its beliefs in sickness and sin. Then, when thou art delivered to the judgment of Truth, Christ, the judge will say, 'Thou art whole!'" (S&H 391:3) So I refused to accept as real "the false witnesses" (the physical symptoms) which had risen up against my neighbour and seemed "to breathe out cruelty." (See Ps. 27:12)

I explained to him that Mind, God, is the only medicine in Christian Science. He immediately put aside all forms of medication, which to me was a clear sign of receptivity. I assured him that he was already starting to heal, knowing very well that he had never lost the health that his Maker expresses in him.

The next day he told me he felt a huge relief but still needed more help. I defended my Christian Science treatment (my prayer for him) by knowing that the absolute, divine truth in my prayer was of God, and Jesus promised that "Ye shall know the truth, and the truth shall make you free." (John 8:32) When I visited him again the following day while he was with his friends, the friends looked at me and said with so much appreciation and surprise, "Mwari akanaka!" [God is good!] This same neighbour felt completely free by then and had just been able to do some running, even though a few days before he could only walk with great pain. His illness was over and it has not returned.

God is all-good, always!
